AVAILABLE**

**CAMPGROUND HOST/MAINTENANCE
(ON SITE)**

GFP.SD.GOV/VOLUNTEER

Spearfish Canyon Nature Area includes Roughlock Falls, Spearfish Falls, and the Savoy Pond area. The canyon is considered one of the most beautiful locations in the Northern Black Hills. A trail system connects all three areas and offers spectacular views of the waterfalls and breathtaking foliage in the fall. Bird watching, wildlife viewing, fishing, and picnicking are all enjoyed in the nature area. Be on the lookout for the rare American Dipper, a stocky, gray bird often spotted catching its food underwater by swimming or walking on the stream bottom.
