RICHMOND LAKE Three separate areas in this park cater to the needs of campers, swimmers, naturalists, boaters and anglers. Campers stay in the South Unit, while the 200-acre Forest Drive Unit is a great place for wildlife viewing. The Boat Ramp Unit provides access to the more than 1,000-acre lake.

MINA LAKE Nestled along the wooded shores of Mina Lake, Mina Recreation Area is a water-lover's haven with plenty of room for boating, fishing and swimming. When you leave the water, a spacious campground, hiking trail, and several picnic areas provide hours of family fun.
