### **3.0 SCOPE OF WORK**

The intent of this Request for Proposal and any resultant Agreement is to obtain services to conduct a systematic visual survey for False Map Turtles in the upper Missouri River (Lake Oahe) in South Dakota over two field seasons.

**Location of area:** Lake Oahe, from the Oahe Dam in Pierre, South Dakota extending to the North Dakota border (see attached survey map). Areas to be surveyed are publicly accessible and owned or managed by the U.S. Army Corps of Engineers or Native American Tribes.

**Time period for field work:** May-September, 2017 and May-September 2018

**Services to be performed:** Conduct a visual survey for the presence of False Map Turtles on both east and west shorelines of Lake Oahe over two field seasons. This includes tributaries of Lake Oahe as indicated on the attached survey map. Total shoreline distance is approximately 500 miles on the west shore and 300 miles on the east shore. Only areas with suitable nesting habitat or basking structures (logs and large rocks) need to be surveyed under appropriate survey conditions. Nesting habitat consists of sandbars, sandy shorelines, and beaches. Islands with suitable habitat should also be opportunistically surveyed. Shorelines that have been developed or are dominated by riprap can be excluded.

Surveys will be conducted by boat and use of binoculars during warm, sunny conditions. The boat will be operated at a speed and distance from shoreline that allows the surveyor to properly observe basking or nesting false map turtles. When observed, the following information will be recorded:

- GPS location
- Number observed and sex, if it can be determined
- Description of activity (ex. basking, nesting) and substrate being used (ex. log, sandbar etc.)
- Any observed threats (ex. predator signs, high boat activity, shoreline development)
- Any additional turtle species observed, including nesting evidence of smooth and softshell turtles.

**Deliverables:** Two interim reports and one final report will be submitted to the SD Dept. of Game, Fish and Parks with deadlines to be determined at a later date. Researchers will also supply the Department with GIS shapefiles of data recorded, copies of field notes, and any photographs taken in the field.

Therefore, the offeror should submit detailed information related to the experience and qualifications, including education and training, of proposed personnel.
- 6.4** The State reserves the right to reject any or all proposals, waive technicalities, and make award(s) as deemed to be in the best interest of the State of South Dakota.
