What is the purpose of YHEC?

The Youth Hunter Education Challenge (YHEC) originated with the National Rifle Association to help promote youth hunting in the United States and around the world. The South Dakota program is proudly supported by South Dakota Shooting Sports-YHEC Committee and the South Dakota Department of Game, Fish & Parks. Support is also provided by local sportsman's groups, businesses and private individuals interested in hunting and the shooting sports.

The primary purpose of YHEC is to allow youngsters to improve their hunting skills through participation in the shooting sports and conservation education. For a copy of NRA rules, go to: yh.ec.nra.org
