MARKET AREA OVERVIEW

SOUTH DAKOTA TOURISM MARKET

For tourism purposes, the South Dakota Office of Tourism has divided the state into four geographical sectors:

- **Southeast South Dakota:** Located in the southeastern area of the state, this region contains Sioux Falls, South Dakota's largest city, a portion of the Lewis and Clark Trail along the Missouri River and many unique attractions.
- **Glacial Lakes and Prairies:** Located in the northeastern area of the state, this region is named for the many small lakes left behind by glaciers millions of years ago.
- **Missouri River Tourism:** Four dams built along the Missouri River created Lakes Oahe, Sharpe, Francis Case, and Lewis and Clark. This area is comprised of the counties bordering the Missouri River through the central region of the state. Snake Creek Recreation Area falls along the northern end of Charles Mix County, just 20 miles west of Platte.
- **Black Hills, Badlands & Lakes:** Within this region lies Mount Rushmore National Memorial, Wind Cave National Park, Jewel Cave National Monument, Crazy Horse Memorial, and Custer State Park. All these attractions are surrounded by the Black Hills National Forest. Numerous private and public attractions are found throughout the region. This region generates the vast majority of out-of-state visitors coming to South Dakota.

LOCAL MARKET AREA

The Local Market Area for the Snake Creek Recreation Area is a combination of a multi-state regional market, statewide market, and the local market consisting of Charles Mix and Gregory counties. It is anticipated that each segment will play a significant role in the overall business plan for this concession opportunity.

Lake Francis Case is one of four major reservoirs on the Missouri River in South Dakota. Construction began on Fort Randall Dam in 1946 and it was operational in 1953. It is the second largest body of water in South Dakota. Lake Francis Case extends from near Pickstown 107 miles to the north reaching Big Bend Dam. Surface area at the base flood control elevation of 1,350 msl is 77,000 acres. At this elevation, the lake is encompassed by 540 miles of shoreline. With its vastness, beauty, water quality, and central location, it is a natural for outdoor recreation in South Dakota.

Dock 44 is situated in a protected bay and allows calm-water boating access from the marina immediately to the main reservoir. The concession is located adjacent to the park's multi-lane boat ramp and fish cleaning station. A floating-tire breakwater provides additional protection to the marina. Lake Francis Case is most popular for its fishing, boating, and sailing.

The local market area around Snake Creek Recreation Area is defined as the mid-Lake Francis Case region. Outstanding recreational opportunities such as hunting, fishing, boating, swimming, camping and trails are some of the predominate draws to this area. Other areas of importance include:

PART 3: FRANCHISE FEES AND OTHER BENEFITS

STATE'S OBJECTIVES

The State seeks to balance visitor services and resource protection with financial returns which are reinvested back into the facilities at Snake Creek Recreation Area; and concessionaire re-investment.

QUESTIONS

Question 3.1 Franchise fee

The minimum franchise fee acceptable to the State is five percent (5%) of gross receipts.

The offer of a higher franchise fee than this minimum is generally beneficial to the State and accordingly will generally be more favorably evaluated. However the State will balance consideration of revenue with its objectives of protecting, conserving, and preserving resources of the park area and of providing visitor services to the public at reasonable rates.

State the franchise fee that you propose. Such fee must at least equal the minimum franchise fee set forth above. Express this fee as a percentage of annual gross receipts.

_____percent of annual gross receipts

Question 3.2 Repair and Maintenance Reserve

As outlined in the Business Opportunity section, the State believes that well maintained facilities at Snake Creek Recreation Area are an integral part of the visitor experience. The Draft Agreement specifies a Repair and Maintenance Reserve Program of at least 1.5% of annual gross receipts.

Given the State's objectives and the requirements discussed in the Business Opportunity section and clarified in Section 14 of the Draft Agreement, please elaborate on your plan for facility repair and maintenance. Your plan should include the following:

1. Brief description of the plan, including a strategy to make immediate improvements in the first year of operation
2. Preliminary observations of items to be renovated (i.e. flooring, walls, windows, access, etc.), your expected schedule, and prioritization plan
3. Estimated costs (if available)

PART 4: OTHER CRITERIA

STATE'S OBJECTIVES

- Sales and Marketing
- Other facilities and services offered

QUESTIONS

Question 4.1 Sales and Marketing

Please provide a sample marketing plan for Dock 44 that will provide for the maximum public use, business growth, and fulfillment of the obligations outlined in the draft concession agreement. This plan should include at a minimum the following items

- a. Background and overview

41:13:02:02. Establishment of possessory interest. A possessory interest may be established by a concessionaire in concessionaire facilities or government facilities to the extent the interest is purchased from a previous concessionaire, or paid for and constructed by the concessionaire with prior approval from the commission. Before construction, the commission shall identify all improvements and additions to the concession as either concessionaire facilities

or government facilities. Possessory interest shall be transferred at the time a concession lease or agreement is executed and shall be so acknowledged in the new concession lease or agreement. Possessory interest values, including initial values at the beginning of a concession lease or agreement, shall be defined in or included as an exhibit to that document. The approval process for crediting of a possessory interest for improvements and additions funded by the concessionaire shall be defined in the lease or agreement with prior approval of the commission.

The concessionaire and the commission shall review the reserve fund on an annual basis and agree upon a budget for the use of the reserve fund for the year in advance. The lease or agreement shall include project review and approval procedures. Projects to be funded entirely with reserve funds are not eligible for possessory interest credit. In certain circumstances, the lease or agreement or the commission may authorize the expenditure of repair and maintenance reserve funds or the establishment of another reserve for

the replacement of personal property if the personal property is integral to the visitor experience or visitor safety. The concessionaire shall maintain the reserve fund. The concessionaire shall provide the commission with an annual accounting of the reserve fund's use. The commission and the concessionaire shall make every effort to expend all reserve funds by the end of the lease or agreement term. If there is a surplus at the end of the lease or agreement term, any remaining reserve funds shall be transferred to the commission for the purpose of ongoing maintenance of concessionaire facilities and government facilities associated with the respective concession lease or agreement. If there is a deficit at the end of the lease or agreement term, the concessionaire shall be granted possessory interest credit in the amount of the deficit.

41:13:03:01. Duration of concession lease or agreement. The concession lease or agreement, except for existing concession leases or agreements under negotiation, amendment, or

renegotiation on the effective date of this article, may be issued for a term that the commission determines is required to allow the concessionaire a reasonable opportunity to realize a profit on the concessionaire's operations commensurate with the concessionaire's capital invested and the obligations assumed for the planned and negotiated investments by a concessionaire.

If, during the term of a concession lease or agreement, the commission and concessionaire agree that an authorized major addition, renovation, repair, or replacement should be made to the concessionaire's facilities or governmental facilities, to be provided by the concessionaire at the concessionaire's expense, the commission may extend the lease or agreement as provided in this section. At such time, all terms and conditions of the lease shall be reevaluated. This paragraph does not apply during the last 18 months before the expiration of the concession lease or agreement.

During the term of the concession lease or agreement, but not during the last 18 months before the expiration of the concession lease or agreement, the concessionaire may present to the commission for authorization a proposal for a major project that the concessionaire believes warrants an extension to the lease or agreement. This proposal shall include the following:

- (1) A description of the proposed project, including consistency with park goals, and a description of why the improvements are in the public interest;
- (2) An independent assessment of the market and financial viability of the proposed project;
- (3) An independent cost estimate of the proposed project; and
- (4) An analysis of the number of additional years required as part of the extension of the lease or agreement.

The commission shall review the proposal within 60 days and evaluate the proposal using the criteria listed above.

If determined by the commission to be in the public's best interest, the commission may at least 12 months prior to the termination of an existing concession lease or agreement negotiate with the concessionaire new lease terms and conditions. If the commission determines not to negotiate or the concessionaire does not accept the commission's terms and conditions, the existing agreement shall terminate according to the terms of the agreement. The commission shall select and award a new concession or lease agreement as provided in § 41:13:03:09 and this chapter. Nothing in this section is intended to provide a concessionaire with any expectation of concession lease or agreement extension or renewal.

41:13:03:02. Procedure to determine compensation to a concessionaire upon expiration of lease or agreement. Prior to the expiration of a concession lease or agreement, the following procedure shall be used:

- (1) At least 12 months before expiration of a concession lease or agreement the commission shall determine the fair market value of the possessory interest of the concessionaire in the concessionaire facilities or government facilities pursuant to the end date of the contract and subdivision 41:13:03:04(1). The fair market value shall be determined by an appraisal performed by a qualified appraiser. A copy of the appraisal shall be provided to the concessionaire upon its

completion. The department and the concessionaire shall each pay 50 percent of the cost of the appraisal. Upon recommendation of the department, the department and concessionaire shall mutually select the qualified appraiser. If agreement cannot be reached within 15 days, the commission shall have the final determination of the qualified appraiser;

(2) If the department or the concessionaire is not satisfied with the appraised fair market value, either party may request in writing, within 30 days after receipt of the appraisal value, that the fair market value be determined by binding arbitration as provided in § 41:13:03:03; and

(3) Upon receipt of the appraisal or the valuation determined by arbitration, the commission shall prepare and publish a prospectus containing the valuation of the possessory interest of the concessionaire facilities or government facilities in an attempt to find a qualified successor concessionaire.

41:13:03:03. Procedure for binding arbitration. The procedure for binding arbitration is as follows:

(1) The department or concessionaire may, by written notice to the other within 30 days after receipt of the appraisal, appoint an arbitrator of its choice. The other party, by written notice within 15 days after receipt of notice, shall appoint a second arbitrator of its choice. In default of a second appointment, the first arbitrator appointed shall be the sole arbitrator;

(2) When two arbitrators have been appointed, they shall, if possible, agree on a third arbitrator and appoint the arbitrator by written notice signed by them. A copy of their notice shall be mailed to each party within 15 days after notice has been given of the appointment of a second arbitrator;

(3) If 18 days elapse after the appointment of the second arbitrator without notice of appointment of the third arbitrator, then both parties shall select the third arbitrator from members of the alternative dispute resolution section of the State Bar of South Dakota; and

(4) The arbitrators shall hold an arbitration hearing at a location determined by the arbitrators within 30 days after the final appointment of the arbitrators. The arbitrators shall allow each party to present their case, evidence, and witnesses, if any, in the presence of the other party and shall determine the fair market value of the property.

Each party shall pay the cost and expense of its appointed arbitrator. The costs and expenses of a sole arbitrator or the third arbitrator shall be paid equally by the department and the concessionaire.

The determination of the majority of the arbitrators is binding on the parties to the arbitration although each party retains his right to appeal any questions of law arising at the hearing.

41:13:03:04. Compensation to concessionaire. Compensation for a possessory interest held by the concessionaire upon expiration of the concession lease or agreement, unless otherwise provided in the lease or agreement, shall be determined as follows:

(1) Possessory interest in concessionaire facilities or government facilities authorized by the commission shall be valued for purposes of compensation to the concessionaire by the successor concessionaire at fair market value; and

(2) No compensation is due the concessionaire from a successor concessionaire for the concessionaire's personal property used in operations under a lease or agreement. However, a successor concessionaire may purchase such personal property from the concessionaire subject to mutually agreed upon terms;

(3) The department retains the option to purchase concessionaire possessory interest in concessionaire facilities if the Legislature appropriates funds for acquisition in the amount of the fair market value or the value determined by arbitration as provided in § 41:13:03:03; and

(4) If the department chooses not to issue a subsequent lease or agreement, the department retains the option to direct the concessionaire to remove the concessionaire facilities from the park and restore the premises to the extent that the facilities had an impact upon the grounds. In this situation, the concessionaire shall be compensated for the concessionaire's possessory interest in concessionaire facilities or government facilities in the amount of book value and the cost to the concessionaire of restoring the premises to the extent that the facilities had an impact on the grounds. Book value is the unrecovered cost of the possessory interest in concession facilities or government facilities that have been identified in the lease or agreement and are represented as such on the concessionaire's federal tax return or audited financial statements.
