

Mickelson Trail Summer Trek

June 16-18, 2020

The Beautiful Black Hills of South Dakota

South Dakota's George S. Mickelson Trail is more than just a recreation Trail; it's a trail of history. You have the opportunity to travel the same path as General George A. Custer, Will Bill Hickok, Calamity Jane and Potato Creek Johnny.

Burlington Northern built this rail line over 100 years ago to accommodate the miners who had rushed to the area to pan for gold. In 1983, the rail line became unprofitable and this incredible trail was envisioned. After years of planning, hard work and determination the trail became a reality.

In celebration of the achievement of many forward-thinking individuals and the incredible popularity of the Mickelson Trail Trek, we are introducing the Mickelson Trail Summer Trek.

trail. Registration fee includes- trail pass, shuttle service, merchandise, 5 snacks, 2 meals and 2 meal vouchers for Custer/Hill City and Deadwood.
