SUPPORTIVE INFORMATION

Deer associated with urban areas can cause property damage and increase vehicle deer collisions. The issuance and oversight of kill permits to manage urban deer populations does create additional workload for Department staff. Some municipalities have worked with the Department to develop urban deer management plans. Archery deer hunting within city limits can help address issues caused by urban deer populations and provide additional hunting opportunities. The above municipal governments are interested in implementing this management tool.

It is the desire of the respective USFWS wildlife refuges to align their archery deer hunting seasons with the statewide season.

DEPARTMENT RECOMMENDATION

Recommended changes to proposal: None.

RESIDENT/NONRESIDENT CRITERIA

1. The Issue
 - Why make the change, what are the change alternatives, how will public/stakeholder input be solicited, and how will the change be evaluated if implemented?
