Scope of this Addendum:

The following becomes a part of the original plans and specifications, taking precedence over the items that may conflict. The bidder shall note receipt and make acknowledgment of the addendum on his bid form, incorporating its provisions in his bid.

Item No. 1: Construction Plans Notes Clarification:

Imported Compacted Embankment

The existing concrete road surface may be rubblized and used as the bottom layer for imported compacted embankment. The cost for rubblization and placement of the existing road surface is to be included in the cost for Imported Compacted Embankment. The reinforcing bars are to be removed and properly disposed of prior to placement. If the contractor chooses not to use the concrete surface as base the cost for proper disposal of the material is to be included in the Imported Compacted Embankment line item.
