Oakwood Lakes State Park is a beautiful, family friendly park. Nestled among eight connecting glacial lakes, this park provides a never-ending variety of activities throughout the year, from hiking and swimming, to ice fishing and cross-country skiing. Shaded campgrounds and picnic areas complement the park's excellent swimming and boating facilities. If you are a history buff, a birder, or a kayaker/canoer, this is one of the best places to spend your summer!
