41:04:06:04 Appeal from commission's final action on petition to restrict

recreational use of nonmeandered lake - Repeal.

41:04:06:05.01 Placement of department supplied signs – Update language

### SUPPORTIVE INFORMATION

During the 2019 Legislative Session HB 1162 was introduced by Representative Gosch. The intent of the bill was to have the Department conduct a systematic review of our administrative rules. During the review the Department was to identify rules that are irrelevant, inconsistent, illogically arranged, or unclear in their intent and direction. After discussions with Representative Gosch, the Department agreed to conduct the systematic review without legislation and to report its findings and corrective changes back to the Executive Board of the Legislative Research Council.

Firewood	\$5	\$1	\$6
*Fee includes \$4 for sites where electricity is available			L

- 2. Remove group lodge designation for Mina Lake (\$205) and designate as a modern cabin (\$150)
- **3**. Increase the fee from \$10 to \$15 for each day a vehicle is in a park and does not display a valid park entrance license. This amount may be applied to the purchase of an annual park entrance license.

### SUPPORTIVE INFORMATION

 South Dakota's State Park system is funded primarily through user generated fees and federal funding sources. These funding mechanisms comprise

A SISTEMATICAL MODILEY SIGNATURES		
	CENTRAL SERVICE OF THE SERVICE OF TH	THE PERSON NAMED IN

- approximately 84% of the Parks and Recreation Division budget. The 7.5 million visits to the Parks system generate nearly \$239 million in direct spending and support approximately 5,000 jobs in South Dakota.
- Over the past 5-6 years, the Parks Division has been able to hold fees steady
  while providing the quality services and facilities our customers have come to
  expect. This is only sustainable for a period of time before increased expenses
  require fee adjustments. Increases in utilities, salaries, fleet rates and
  construction rates, as well as providing funding for repair projects attributable to
  2019 spring flooding events, require additional revenues to support current
  service levels and maintain infrastructure.
- Consecutive late, wet springs have impacted early season park use and damaged infrastructure. As of July 1, 2019, flooding conditions made 10% of system wide campsites unavailable for reservation. 2019 revenues are down \$1,900,000 from 2018. Parking lots, camp sites, roads, boat ramps, electrical pedestals and comfort stations we inundated with water and in some cases covered with as much as five feet of water. In addition, several dams and one major bridge were impacted. Rehabilitation and replacement efforts for these items are estimated at over \$8,000,000 at this time.
- Additional revenue would provide funds needed for:
  - 1. Preventive maintenance of existing infrastructure
  - 2. Costs associated with 2019 flooding
  - 3. Operational increases in labor, utilities, fleet rates, etc.
