

ARCHERY DEER

There were 34,554 archery deer licenses issued in 2024 (29,372 resident, 5,182 nonresident). All were single any-deer tags for the Statewide, East River, or West River units, or single antlerless whitetail tags for the LM1 (Limited Statewide) unit.

All license holders that provided a valid email address were surveyed using Survey123 software, and 12,225 responded for a 47% return rate.

The 2024 Archery Deer season ran from September 1, 2024, through January 1, 2025. Respondents reported hunting an average of 10.45 days, which projects to a total of 271,790 recreation days for the season.

The projected harvest for the archery season was 8,405 deer (5,258 whitetail bucks, 1,858 whitetail does, 1,152 mule deer bucks, and 137 mule deer does). The hunter success rate for the season was 30%. The five deer management units with the highest reported harvest by residents were the Black Hills, Brown, Codington, Minnehaha, and Brookings, and by nonresidents were the Black Hills, West Harding, Brown, Gregory, and Butte.

Satisfaction was also measured (1=very dissatisfied to 7=very satisfied) and the average response for the season was 4.30 for residents and 5.17 for nonresidents.

Summary comparison of the 2015-2024 Archery Deer seasons
