<https://apps.sd.gov/GF49OutdoorCampus/DisplayClasses.aspx>

Creek Freaks Introduces participants to a basic overview of stream ecology, guidance on how to manage the logistics of conducting on-going youth programs, and hands-on training in conducting activities from the Creek Freaks curriculum, including hands-on classroom activities and biological, chemical, and physical stream monitoring in the field. Participants will also learn how to use the interactive website www.creekfreaks.net, which allows educators and students to post data, photos, videos, and stories about their streams. For more information please visit our website at www.creekfreaks.net

- ⇒ GRADUATE CREDIT MAY BE AVAILABLE
- ⇒ CONTINUING EDUCATION CREDITS OFFERED
