

BLACK HILLS TRAILS SYSTEM

350 MILES | FOR SNOWMOBILE USE ONLY

SNOWMOBILE TRAILS ARE CLOSED TO OFF-HIGHWAY VEHICLES YEAR ROUND

NOTICE
There are a few areas closed to snowmobiling, including active logging operations, winter wildlife range, plowed roadways, developed cross-country ski areas and posted private land. Be aware that numerous parcels of private property (white) are interspersed within the Black Hills National Forest (green). PLEASE respect private property owners. "No Trespassing" means NO SNOWMOBILING. If you choose to trespass, you could be arrested; but you could also cause us to lose other valuable riding areas. Most of these areas are depicted on an annual Forest Service Snowmobile Trail map with vehicle closures.

BLACK HILLS TRAILS SYSTEM
The Black Hills Snowmobile Trails System is maintained through a cooperative effort of South Dakota Game, Fish and Parks, the USDA Forest Service, Bureau of Land Management, Barrick Mining Co., Wharf Resources, Inc. and numerous private landowners. The 1.2 million-acre Black Hills National Forest offers unlimited off-trail riding in addition to the 350 miles of trails groomed by the South Dakota Snowmobile Program. Forty miles of the system are made available through a cooperative agreement with the Wyoming Division of State Parks and Historic Sites. The official season is from December 15-March 31.
When encountering elk, deer or other wildlife, please stay on your snowmobile and keep moving. Limited contact reduces the impact on wild animals during the critical winter season when food supplies are at the lowest and animals are most vulnerable to stress.
The trails depicted on this map may be rerouted or closed for safety, maintenance or any other reason without prior notice. Check the interactive map at gfp.sd.gov/snowmobiling for up-to-date information.

LEGEND
