SECOND CENTURY HABITAT PROGRAM

Working Lands Program
The focus of the program is to provide a working lands habitat alternative to cropping marginal land. Participants agree to establish grass and forbs on cropland for 5 years and in return receive free seed and a one-time payment of $150 per acre at the beginning of the contract. No haying or grazing is allowed until after August 1 of the second growing season. Between August 1 and March 1, haying is allowed every two years or on 1/2 of the enrolled acres each year; grazing is allowed annually.

Frequently Asked Questions

1. Who administers the agreements for the Second Century Habitat working lands program?
Participants who enroll in this habitat program will be executing an agreement with the Second Century Habitat Fund, which is a 501(c)3 nonprofit organization dedicated to wildlife habitat. Incentive payments will be provided to participating landowners from the Second Century Habitat Fund.

2. How many acres can be enrolled?
Minimum size of an individual planting must be 10 acres. The maximum acres each participant can enroll in the program is 160 acres.

3. What acres are eligible to be enrolled in the program?
The focus of this program is to enroll marginal cropland such as saline and moist soils, field edges, other less productive soil types or areas producers want to manage as wildlife habitat.

4. How do participants receive the free seed?
Upon execution of the agreement, seed will be shipped directly to participating producers at no cost. Seed mixes will consist of grasses and forbs that provide good ground nesting bird habitat and forage for livestock.

5. Will the land be open to public hunting access?
No. Hunting access to land in the Second Century Habitat Program will be by landowner permission only and it will not be shown in the Public Hunting Atlas. If the participant would like to allow public hunting access, they can contact SD Game, Fish & Parks and place it in the Walk-In Area or the Controlled Hunting Access Program.

Help keep our sloughs, lakes and reservoirs healthy by checking your boats, blinds and decoys for aquatic invasive species (AIS) after every hunt.

Boat plugs must be removed and left out from the time you pull your boat out of the water and trailers and blinds must be free of visible weeds.

Stay educated, stay informed and help current and future generations slow the spread of AIS in our great state. You can also visit SDLEASTWANTED.COM at any time to learn more about what you can do!
WHAT’S NEW IN 2019

GOOSE (pg. 19)
- Modified the season length and changed the daily bag limit from 2 to 3 for the white-fronted goose season.

DUCK (pg. 18)
- Decreased the pintail daily bag limit from 2 to 1.

MOURNING DOVE (pg. 28)
- Removed the restriction to hunt mourning doves within 50 yards of a public road. Mourning dove hunting is still prohibited within road rights-of-way.

SANDHILL CRANE (pg. 28)
- Adjusted the unit boundary open to hunting.

TURKEY (pg. 34, 35 & 37)
- Closed archery turkey hunting in Lake County south of State Highway 34.
- Extended the season dates for the Black Hills and prairie spring seasons to May 31
- Prohibited the use of rifles for any spring turkey season

DEER (pg. 33)
- Established private land units for antlerless deer licenses in certain West River and East River hunting units.
- Modified areas open for antlerless deer hunting for both archery and muzzleloader deer hunting season.
- Modified areas open for landowner free antlerless deer licenses.
- Modified season dates for Waubay National Wildlife Refuge.
- Made an allowance for antlerless deer licenses to be valid for the Sand Lake National Wildlife Refuge.
- Changed the start date for archery deer season on public lands for nonresident archery deer hunters and established an application deadline for nonresident archery deer hunters
- Established a limited number of archery access permits for both resident and nonresidents for firearm Unit 35L.

ELK (pg. 33)
- Closed the antlerless elk seasons in Custer State Park.

BIGHORN SHEEP (pg. 33)
- Modified the boundary for Unit 3.

TRAPPING (pg. 29)
- Modified the dates allowed to use live traps and associated equipment on public lands and road rights-of-way.

OTHER
- Removed and modified turkey transportation requirements. (pg. 36 & 37)
- Modified big game tagging requirements by allowing big game, other than elk, to be tagged on the hook tendon and leg bone OR around the base of the antler/horn. (pg. 37)
- Created a combined drawing for Black Hills, East River, West River, Refuge, Custer State Park and Muzzleloader deer hunting seasons; made an allowance to use preference points for both 1st and 2nd choices in drawings one through three; and created a bonus preference point for applicants 15 years of age or younger.
- Modified the dates for the placement of portable tree stands on certain public lands. (pg. 37)

*NOTE: State Migratory Bird Certification alone does not entitle nonresidents to hunt migratory waterfowl.

Federal Waterfowl Stamp is not required for Spring Light Goose, Canada Goose August Management Take, Coot, Sandhill Crane, Mourning Dove or Snipe.

Only hunters who applied for and received a Tundra Swan License in the lottery are eligible to hunt.

In addition to a valid resident license, a free access permit is required for coyote hunting in Custer State Park.
Border Waters
On border waters with adjacent states, other than Nebraska, individuals with a valid South Dakota hunting or trapping license may only take wild animals on South Dakota’s side of the border. However, on the South Dakota-Nebraska border waters a hunter holding a resident South Dakota or a resident Nebraska license may enter and leave the water from either state’s shore. Individuals holding a nonresident license must enter and leave the water from the shore of the state in which they are licensed. South Dakota islands are: James River Island, Gunderson Island and Jones Island. Nebraska islands are: Mayfield Island and Elk/Rush Island. Sandbars and islands not deeded are open to hunting by licensed hunters from either state.

The Springfield Bottoms are open only to South Dakota licensed hunters and the Bazile Creek Area is open only to Nebraska licensed hunters.

Hunters licensed by either state may hunt anywhere in the flowing Missouri River as long as water separates the hunter from the mainland of the other state.

Buying Licenses
Resident and nonresident over-the-counter licenses may be purchased at many retail stores in South Dakota and at a few County Treasurer offices. When purchasing licenses over the counter you must have your state-issued ID with you. Licenses can also be purchased online at gfp.sd.gov, or with the GFP mobile app.

Big Game Licenses (including turkey licenses) and Nonresident Fall Waterfowl Licenses are issued by lottery and can also be completed through the online licensing application system. The tag/license is then mailed to individuals who draw a permit. A paper version of the application for mailing can be obtained online as well as at GFP regional offices and through local licensing agents.

CARRYING/EXHIBITING LICENSES
A licensee shall exhibit the licensee’s license or license authorization issued by the Department of Game, Fish and Parks upon request by a conservation officer or other law enforcement officer. A licensee who is 16 years of age or older who holds the license authorization, shall exhibit and provide for inspection a driver’s license, a state-issued identification card or another form of valid identification for the purpose of verifying the identity of the licensee.

Persons hunting, fishing, trapping or engaged in any recreational activity on private land shall upon request exhibit their license to hunt, fish or trap. If unlicensed or engaged in another recreational activity, that person shall provide their first and last name, town/city and state/province of residence as shown on their driver’s license, state-issued identification card or other form of valid identification to any person with legal authority to control access to the private land where the hunting, fishing, trapping or other recreational activity is occurring.

Hunters can use their smartphone to display a copy of their license in lieu of a paper copy.

Delinquent Child Support
South Dakota law prohibits the issuance of any license or permit issued by GFP if an individual owes $1,000 or more in past-due child support, unless the individual enters into a repayment agreement with the Department of Social Services (DSS) for payment of the delinquent child support.

For more information, contact the Division of Child Support at 605.773.3641.

Disabled Hunter Permits
A Disabled Hunter Permit allows a qualified hunter to lawfully shoot game animals from a stationary motor vehicle. This includes big game animals such as deer, antelope, elk and turkey as well as small game animals such as grouse, pheasants, partridge, rabbits and waterfowl. The Disabled Hunter Permit is free to qualified hunters, valid for a four year period and may be renewed after the expiration date. A temporary permit can be issued for no more than 12 months for temporary ambulatory injuries.

NOTE: The disabled hunter permit is intended for use only in situations where an applicant’s physical or medical condition makes it impossible or causes severe pain or physical hardship on the applicant to walk while hunting.

Qualifying individuals must have at least one of the following physical disabilities or medical conditions:

• Has lost one or both legs, or who has temporarily or permanently lost the use of one or both legs;
• Requires a wheelchair for mobility;
• Is physically unable to walk without the assistance of another person, prosthetic aid, brace, crutch or other device that is intended to support or assist the person while walking;
• Is on portable oxygen;
• Is unable to walk a distance of more than 300 feet without assistance or rest due to arthritic, neurological or orthopedic condition;
• Has been diagnosed with a neuromuscular disorder (such as muscular dystrophy or multiple sclerosis);
• Has been diagnosed with a Class III cardiac disease resulting in marked limitation of physical activity;
• Has been diagnosed with a Class IV cardiac disease resulting in the inability to carry on any physical activity without discomfort;
• Is restricted by lung disease to such a degree that the person’s forced expiratory volume in one second, when measured by a spirometer, is less than one liter; or the arterial oxygen tension is less than 60 mm/hg on room air at rest.

In addition:

• Persons who have lost an arm or permanent use of an arm or use a wheelchair for mobility, may be eligible for a crossbow/draw-lock permit.
• Persons classified as legally blind or quadriplegic may be eligible for a Designated Shooter Permit.

Applications may be requested from:
GFP Disabled Hunter Permits; 20641 SD Hwy 1806; Ft. Pierre SD 57532; gfp.sd.gov/disabled-hunter; or any Wildlife Division office.

Licensing Agent Fee
The maximum fee for hunting, fishing or trapping licenses sold by a license agent or online is $4 per item; except the maximum fee for issuing all Nonresident Small Game Licenses is $8. The agent’s fee may not be charged for issuing the State Migratory Bird Certification.

Lost Licenses
Lost general hunting and fishing licenses may be replaced by any local licensing agent. Agents may charge a standard agent fee ($4 or $8) for replacing general hunting and fishing licenses. In addition, licenses may be reprinted at home by the licensee at any time.

Big Game License holders should contact 605.223.7660 for information on replacing lost big game tags. Big Game Licenses are replaced for $20 a license, plus a $4 agent’s fee for residents and a $8 agent’s fee for nonresidents.

Revoked Licenses
If a person is convicted of certain wildlife violations, the person’s hunting or trapping privilege shall be automatically revoked for one or more years and that person is prohibited from buying or applying for another license during that time.

Some violations are: knowingly trespassing, violating the artificial light law, substantially exceeding daily or possession limits, illegally shooting big game from road rights-of-way, shooting certain animals from a motor vehicle, violating any rule pertaining to hunting or possessing game without a license or during a closed season or violating a wildlife law punishable as a Class 1 misdemeanor or felony.

Any person whose hunting or trapping privileges are currently revoked or suspended in any other state or country may not purchase a license or exercise the same privilege in South Dakota during the period of revocation or suspension.

No person who has an unpaid and unsatisfied judgment issued for wildlife civil damages may hunt, fish or trap or purchase, attempt to purchase or possess any South Dakota hunting, fishing or trapping license.

Restrictions
No one may at any time apply for, procure or possess a license or preference point under an assumed name or in which an address other than the person’s regular place of residence is given or make any false statement whatsoever in securing a license or preference point, lend a license or tag to another or knowingly issue or aid in securing a license or preference point for any person not legally entitled to it.

Social Security Number
All U.S. residents are required by federal and state law (SDCL 25-7A-56.2) to provide their Social Security Number when purchasing and applying for a license; online or via paper application. The State of South Dakota continues and state law (SDCL 25-7A-56.2) to provide for the Payment Card Industry (PCI) to ensure customer safety when processing online transactions.
State hunting licenses are not valid on tribal trust lands and tribal licenses are not valid on private deeded lands within a reservation. Persons planning to hunt on tribal lands should contact the appropriate tribal office: Cheyenne River (Eagle Butte), Crow Creek (Ft. Thompson), Flandreau Santee (Flandreau), Lower Brule (Lower Brule), Pine Ridge (Kyle), Rosebud (Rosebud), Sisseton/Wahpeton (Agency Village), Standing Rock (Ft. Yates, ND), Yankton (Marty). However, if hunting on U.S. Army Corps of Engineers lands adjoining the Crow Creek or Standing Rock Reservations,

* Fee includes a $6 surcharge mandated by state law. Revenue derived from this surcharge is dedicated to hunting access, wildlife damage management and animal damage control programs.

### Residency

To be eligible for a resident license, a person must meet all of the following criteria:

- Have a domicile within this state for at least 90 consecutive days immediately preceding the date of application for purchasing or attempting to purchase any hunting, fishing or trapping license/permit. A domicile is a person's established, fixed and permanent home to which the person, whenever absent, has the present intention of returning;
- Make no claim of residency in any other state or foreign country for any purpose;
- Claim no resident hunting, fishing or trapping privileges in any other state or foreign country;
- Prior to any application for any license transfer to this state the person's driver's license and motor vehicle registrations.

**EXCEPTIONS:** The following persons are deemed to be residents of this state as long as they continue to meet any of the conditions set forth below:

- Any person who previously had a domicile in this state who is absent due to business of the United States or of this state or is serving in the armed forces of the United States or the spouse of an active duty military person;
- Any person who previously had a domicile in this state who is absent due to the person's regular attendance at a post high school institution as a full time student or in a medical or dental residency program;
- Any person in the active military of the United States, or that person's spouse, who is continuously stationed in this state;
- Any person who is a patient in any war veterans' hospital within this state;
- Any person who is an employee of the veterans' administration or any veterans' hospital in this state;
- Any person residing on restricted military reservations in this state;
- Any person attending regularly a post-high school institution in this state as a full time student for 30 days or more immediately preceding the application;
- Any foreign exchange student over 16 years of age attending a public or private high school who has resided in the state for 30 days or more preceding the application;
- Any foreign exchange student between the ages of 12 and 16 who has completed a hunter safety education course and has been issued certificate of competency upon completion of instruction and who has resided in the state for 30 days or more preceding application for a license;
- Any person who is a minor dependent of a resident of this state;
- For the purpose of acquiring resident small game and fishing licenses, any person who does not reside in South Dakota, but who is a member of the South Dakota National Guard or any other unit of a reserve component of the armed forces of the United States located in South Dakota.

### Proof of Residency

To buy a license, a resident age 16 or older needs a valid South Dakota driver's license or a state-issued and expiration-dated South Dakota ID card. Either can be obtained at a state driver's license office. Youth hunters under age 16 are required to provide a certificate of completion from a hunter safety education course.

### Termination of Residency

A person (other than a person who fits into one of the above EXCEPTIONS) is deemed to have terminated their South Dakota resident hunting, fishing and trapping status if the person does any of the following:

- Applies for, purchases or accepts a resident hunting, fishing or trapping license issued by another state or foreign country;
- Registers to vote in another state or foreign country;
- Accepts a driver's license issued by another state or foreign country;
- Moves to any other state or foreign country and makes it the person's domicile or makes any claim of residency for any purpose in the other state or foreign country. However, a person who has lawfully acquired a resident hunting, fishing or trapping license and who leaves the state after acquiring the license to take up residency elsewhere may continue to exercise all the privileges granted by the license until the license expires if the person's respective privileges are not revoked or suspended.

### Military General Fishing and Hunting License

Any resident who is on active duty in the armed forces of the United States and who is stationed at a location outside the state may fish and hunt small game without payment of a fee or the applicable fishing and hunting license authorizing the activity. However, if the resident is hunting migratory birds, the resident shall obtain a State Migratory Bird Certification permit and Federal Waterfowl Stamp (when necessary). While engaged in the permitted activity, the resident shall possess and display appropriate military orders indicating the resident is on active duty stationed outside of South Dakota and a valid military identification card. This section does not apply to any person who is serving on active duty for training as a member of the armed forces reserve or National Guard.

### Military Big Game License - Active Duty

Any person in the armed services of the United States who is absent from this state on active duty during the entire time for making application and is otherwise qualified and a resident of South Dakota, may apply for and shall receive deer, turkey and antelope licenses. In addition, any spouse and any minor dependent child of such a person in the armed services who are also absent from this state during the entire time for making application and are otherwise qualified, may apply for and shall receive deer, turkey and antelope licenses.

### Big Game License

Resident big game (including turkey) licenses are issued by application and a drawing. Big Game Licenses also allow the licensee to hunt prairie dog, jackrabbit, gopher, ground squirrel, crow, porcupine, marmot, red fox, grey fox, coyotes, skunks, opossum, and other unprotected species through Jan. 31. For a Big Game License to be valid to hunt these species, the licensee must retain the top portion of the Big Game License.

### Combination License

All Combination Licenses grant the same privileges as the Fishing License and Small Game License. They do not include the State Migratory Bird Certification.

### Disability License

The following residents may apply to the License Office to receive a $10 Disability Card that is equivalent to the Fishing License and Small Game License.
The Furbearer License is required to trap raccoon, skunk, badger, opossum, jackrabbit, red fox, grey fox and coyote from April 1 - Aug. 31. No license is required for resident youth under age 16.

Pre达尔/Varmint License

The Predator/Varmint License is needed to hunt coyote, red fox, grey fox, skunk, raccoon, badger, prairie dog, gopher, crow, opossum, jackrabbit, ground squirrel, porcupine and marmot. Other licenses that may be used in lieu of the Predator/Varmint License include any valid resident South Dakota hunting license or furbearer license. For a Big Game License to be valid, the licensee must retain the top portion of the Big Game License. No license is required for resident youth under age 16.

State Migratory Bird Certification

Except for landowners hunting on land that they own or lease, residents (including all Junior Combination License holders and Youth Small Game License holders) hunting migratory birds and/or waterfowl must complete and purchase this certification. Migratory birds that require this certification for hunting include ducks, geese, tundra swan, Sandhill crane, mourning doves, snipe and coot. This certification should not be confused with the Federal Waterfowl Stamp.

Mentored Hunters (Under age 16)

Residents who are less than 16 are not required to possess a hunting license in order to hunt if accompanied by a hunting mentor. A hunting mentor can be the mentored hunter’s parent or guardian or any other competent adult (at least 18 years old) who has the written consent of the child’s parent or guardian. The hunting mentor must be a resident; must be legally licensed for the game being hunted, must be unarmed (may possess a permitted concealed pistol) and must have successfully completed a recognized hunter safety education course. Mentors must possess the hunter safety education certification card on their person while accompanying a mentored hunter. For more information on Mentored hunting, refer to pages 60-65 of this publication.

Federal Waterfowl Stamp

This stamp is an additional requirement for those ages 16 and older to hunt ducks, geese, tundra swan and merganser. To purchase this stamp, check with your local U.S. Postal Office and/or local licensing agent. The stamp is part of the waterfowl hunting requirements in all states. However, hunters are required to purchase only one stamp as long as the stamp is signed in ink across the face and carried at all times while hunting relevant species. GFP recommends that hunters leave the stamp on the original backing on which it is issued. A lost or destroyed Federal Waterfowl Stamp can be replaced only by purchasing a new one.

NOTE: A Federal Waterfowl Stamp is not needed to hunt Sandhill crane, mourning dove, snipe and coot or to take light geese during the Spring Light Goose Conservation Order and Canada Goose August Management Take; however, a State Migratory Bird Certification is still required for these species.

Furbearer License

The Furbearer License is required to trap coyote, red fox, grey fox, jackrabbit, raccoon, badger, bobcat, opossum, mink, weasel, beaver, muskrat and skunk; and when and where allowed is required to hunt bobcat, opossum, mink, weasel, beaver and muskrat. However, a Furbearer License is not required for residents to trap raccoon, skunk, badger, opossum, jackrabbit, red fox, grey fox and coyote from April 1 - Aug. 31. No license is required for resident youth under age 16.

HuntSAFE courses are required for persons age 12 - 18 but are open to all ages. Children 11 years of age may participate, but will not be issued a Hunter Safety certification card until their 12th birthday. Adults are also welcome and invited to attend. Your HuntSAFE certification does not serve as bowhunter education certification. Class schedules vary from community to community. Once class schedules are finalized by local instructors, information is posted at gfp.sd.gov/hunter-education and on the agency’s social media platforms.

If a student’s 12th birthday falls on or between Sept. 1 and Dec. 31, they may be issued a card and will be eligible to obtain a license and hunt beginning Sept. 1 of that year.
2019 NONRESIDENT LICENSE INFORMATION

Big Game Licenses
Nonresident Big Game Licenses (including turkey) are issued by application and a drawing. Big Game Licenses also allow the licensee to hunt prairie dog, jackrabbit, gopher, ground squirrel, crow, porcupine, marmot, red fox, grey fox, coyotes, skunks, opossum, and other unprotected species through Jan. 31. For a Big Game License to be valid to hunt these species, the licensee must retain the top portion of the Big Game License.

Federal Waterfowl Stamp
This stamp is an additional requirement for those ages 16 and older to hunt ducks, geese, tundra swan and merganser. To purchase this stamp, check with your local U.S. Postal Office and/or local licensing agent. The stamp is part of the waterfowl hunting requirements in all states. However, hunters are required to purchase only one stamp as long as the stamp is signed in ink across the face and carried at all times while hunting relevant species. GFP recommends that hunters leave the stamp on the original backing on which it is issued. A lost or destroyed Federal Waterfowl Stamp can be replaced only by purchasing a new one.

NOTE: A Federal Waterfowl Stamp is not needed to hunt Sandhill crane, mourning dove, snipe, coot or to take light geese during Spring Light Goose Conservation Order - a State Migratory Bird Certification is still mandatory.

Furbearer License
The Nonresident Furbearer License is required to trap coyote, red fox, grey fox, raccoon, badger, bobcat, opossum, mink, weasel, beaver, muskrat and skunks; and when and where allowed is required to hunt raccoon, badger, bobcat, opossum, mink, weasel, beaver and muskrat. Applications are available at local offices or online at gfp.sd.gov.

Landowners
State law limits landowner license privileges to South Dakota residents only. Nonresident landowners must purchase the appropriate nonresident licenses.

Predator/Varmint License
Nonresidents may hunt prairie dog, jackrabbit, gopher, ground squirrel, crow, porcupine, marmot, red fox, grey fox, coyotes, opossum and skunks if they possess a Predator/Varmint License or any valid South Dakota Hunting or Furbearer License (other than nonresident shooting preserve).

Shooting Preserve License
South Dakota permits private shooting preserves to offer hunting from Sept. 1 - March 31. Nonresidents hunting on a licensed shooting preserve need the Nonresident Shooting Preserve License, Nonresident Small Game License or a Nonresident Youth Small Game License. The Shooting Preserve License is valid through Jan. 31 only on licensed shooting preserves and allows the hunter to take only the game for which the preserve is licensed. The license is valid to take Predator/Varmints on preserves through March 31. The Small Game License is valid outside the shooting preserve for the two 5-day periods specified on the license and valid on licensed shooting preserves through Jan. 31 for the species for which the preserve is licensed.

Small Game License
The Small Game License or Youth Small Game License is valid for two periods of five consecutive days. Starting dates must be chosen for BOTH periods when the license is purchased. Both dates must be filled in on the license even if the two 5-day periods run consecutively. Nonresidents may buy more than one Small Game License.

The start date for each 5-day period may be changed prior to the start date. The change may be made online or at any license agent. License agents may charge a fee of up to $5. This license also allows nonresidents to shoot coyotes, red and grey fox, skunks, prairie dogs and other unprotected species through Jan. 31 and to hunt on licensed shooting preserves through Jan. 31.

State Migratory Bird Certification
Nonresidents who hunt Sandhill crane, snipe and mourning doves with a Small Game License also need to purchase the State Migratory Bird Certification (those hunting Sandhill crane with a Waterfowl License have met the requirement with this license). Certification for migratory bird seasons hunted with the Nonresident Waterfowl Licenses is included in the purchase process for those licenses.

Waterfowl Licenses
A South Dakota Waterfowl License is required for nonresidents to hunt migratory waterfowl. Licenses for the fall seasons are issued by lottery. Licenses for the Spring Light Goose Conservation Order can be purchased through a local licensing agent or online. Nonresident Youth Waterfowl Licenses are only valid during the two-day youth waterfowl season. Licensed waterfowl hunters may only hunt within the unit designated on their license.

Nonresident waterfowl hunting units:

The fall Waterfowl License for Units 00B and 11A are valid for 10 consecutive days; Unit 00A is valid through the entire season; and Units 00V, 00X, 00Y and 00Z are valid for three consecutive days. Licenses are valid on private and public for Units 00A, 00B, 11A, and 00Y. Licenses are only valid on private land for Units 00V, 00X and 00Z; these licenses are not valid on private property leased by GFP for public hunting or on public highways or other rights-of-way otherwise open to hunting.

The Nonresident Early Fall Canada Goose License is valid Sept. 7 - Sept. 30. Nonresidents may not hunt geese during this season in Units 2 and 3 in the following counties: Beadle, Brookings, Hanson, Kingsbury, Lake, Lincoln, McCook, Miner, Minnehaha, Moody, Sanborn, Turner and Union counties.

On all limited-days Waterfowl Licenses, successful applicants must provide a start date before the license will be issued. The dates can be changed prior to the start date; either online or through the licensing office. These Waterfowl Licenses also allow nonresidents to hunt coyotes, red and grey fox, skunks, prairie dogs, opossum and other unprotected species through Jan. 31.

Youth License
Nonresidents who are at least 12 years of age or will turn 12 by Dec. 31, may apply for or buy licenses and may hunt in any open season beginning Sept. 1. Those younger cannot hunt in South Dakota.

To buy a license, nonresidents under 16 need a copy of their hunter safety education certificate or a copy of a current or previous hunting license issued to them from any state.

Units 00B and 11A are valid for 10 consecutive days
Unit 00A is valid through the entire season
Units 00V, 00X, 00Y, and 00Z are valid for three consecutive days.

Licenses are valid on private and for Units 00A, 00B, 11A and 00Y. Licenses are only valid on private land for Units 00V, 00X and 00Z.
RING-NECKED PHEASANT

DATES: Oct. 19 - Jan. 5
OPEN AREA: All of South Dakota except:
  • Renziehausen Game Production Area and Game Bird Refuge in Brown and Marshall Counties,
    Gerken Game Bird Refuge in Faulk County and White Lake Game Bird Refuge in Marshall County
    are open Dec. 1 - Jan. 5.
  • Sand Lake National Wildlife Refuge in Brown County is open Dec. 9 - Jan. 5.
DAILY LIMIT: 3 rooster pheasants.
POSSESSION LIMIT: 15 rooster pheasants, taken according to the daily limit.
SHOOTING HOURS: 12 Noon, Central Time, to sunset Oct. 19 - 25; 10 a.m., Central Time, to sunset the rest of the season. NOTE: Central Time is used for opening shooting hours statewide.

YOUTH RING-NECKED PHEASANT

DATES: Oct. 5 - 9
OPEN AREA: Youth season is open statewide on private and public land. All road rights-of-way are closed to pheasant hunting during the youth pheasant season, except for the one-half of the road rights-of-way next to and part of public hunting lands.
DAILY LIMIT: 3 rooster pheasants.
POSSESSION LIMIT: 15 rooster pheasants, taken according to daily limit
SHOOTING HOURS: 10 a.m. (Central Time) to sunset.
ELIGIBILITY: Resident and nonresident youth hunters must be 12 (or turn 12 by Dec. 31) through 17 years old and properly licensed to hunt during the youth pheasant season. Those under age 16 must possess a valid hunter education certificate. If participating in a Resident Mentored Hunt, the youth hunter must be less than 16 years of age. See pages 64-65 for the requirements for “Mentored and Youth Small Game Hunting.”
SPECIAL REQUIREMENTS: All youth hunters must be accompanied by an unarmed adult. It is advisable that all wear at least one exterior garment of fluorescent orange.

RESIDENT-ONLY RING-NECKED PHEASANT

DATES: Oct. 12 - 14
OPEN AREA: Public lands, statewide, which include the following:
  • Hunting on road rights-of-way is limited to those contiguous to and a part of public hunting lands open for hunting.
  • U.S. Fish and Wildlife Service Waterfowl Production Areas.
  • U.S. Army Corps of Engineers land adjacent to the Missouri River.
  • U.S. Forest Service National Grasslands.
  • U.S. Bureau of Reclamation Land.
  • SD School and Public Lands.
  • State parks, recreation areas and lakeside use areas.
  • GFP managed or leased property otherwise open to public hunting, including Game Production Areas open during the regular pheasant season.
  • GFP managed and leased property designated as Walk-in Areas and land enrolled in the Conservation Reserve Enhancement Program (CREP).
  • Non-toxic shot is required to hunt small game on most public lands.
DAILY LIMIT: 3 rooster pheasants.
POSSESSION LIMIT: 9 rooster pheasants, taken according to the daily limit. Limit accrues at the rate of 3 birds a day; 9 birds may not be possessed until after the third day of hunting.
SHOOTING HOURS: Noon (central time) to sunset.

PRAIRIE CHICKEN and SHARP-TAILED GROUSE

Includes ruffed grouse.

DATES: Sept. 21 - Jan. 5
OPEN AREA: Statewide.
DAILY LIMIT: 3 (any combination).
POSSESSION LIMIT: 15 (any combination) taken according to the daily limit. Limit accrues at the rate of 3 birds a day; 15 birds may not be possessed until after the fifth day of hunting.
SHOOTING HOURS: Sunrise to sunset statewide.

GREATER SAGE-GROUSE

SEASON CLOSED

GRAY PARTRIDGE AND CHUKAR

DATES: Sept. 21 - Jan. 5
OPEN AREA: Statewide.
DAILY LIMIT: 5 (any combination).
POSSESSION LIMIT: 15 (any combination), taken according to daily bag limit.
SHOOTING HOURS: Sunrise to sunset statewide.

QUAIL

DATES: Oct. 19 - Jan. 5
OPEN AREA: Statewide.
DAILY LIMIT: 5 (any combination).
POSSESSION LIMIT: 15 (any combination), taken according to daily bag limit.
SHOOTING HOURS: Sunrise to sunset statewide.

Attention Dog Owners
Hunters who hunt public lands and road rights-of-way should understand their dogs may encounter fences, barbed wire, posts, old machinery or other materials that may cause injury. In addition, most public lands allow trapping and snaring. Dog owners should be aware they are sharing these lands with other users and may encounter these activities. Landowner permission is required for trapping on lands leased for public hunting such as: Walk-in Areas, Controlled Hunting and Access Program (CHAP) and Conservation Reserve Enhancement Program (CREP) areas, however, the same potential risks may exist on these lands as well. Visit gfp.sd.gov to view an informational video.
DUCK

HIGH PLAINS:
- Oct. 12 - Jan. 16
- The area west of Boundary A (see Boundary Definitions)

LOW PLAINS - NORTH ZONE:
- Sept. 28 - Dec. 10
- The area east of Boundary A and north of Boundary B

LOW PLAINS - MIDDLE ZONE:
- Sept. 28 - Dec. 10
- The area east of Boundary A, south of Boundary B and north of Boundary C

LOW PLAINS - SOUTH ZONE:
- Oct. 26 - Jan. 7
- The area within Boundary C

BOUNDARY DEFINITIONS:
- **Boundary A** - A line beginning at the SD-ND state line and extending south along U.S. 83 to U.S. 14, east on U.S. Hwy 14 to Blunt, south on the Blunt-Canning Road to SD Hwy 34, east and south on SD Hwy 34 to SD Hwy 50 at Lee’s Corner, south on SD Hwy 50 to I-90, east on I-90 to SD Hwy 50, south on SD Hwy 50 to SD Hwy 44, west on SD Hwy 44 across the Platte-Winner Bridge to SD Hwy 47, south on SD Hwy 47 to U.S. 18, east on U.S. Hwy 18 to SD Hwy 47, south on SD Hwy 47 to the SD-NE state line.
- **Boundary B** - A line beginning at the junction of U.S. Hwy 83 and U.S. Hwy 212, then east on U.S. Hwy 212 to the SD-MN state line.
- **Boundary C** - A line beginning at the junction of SD Hwy 47 and the SD-NE state line, then north on SD Hwy 47 to SD Hwy 44, then east on SD Hwy 44 to SD Hwy 50, then south on SD Hwy 50 to CFAS 6198 (Geddes Hwy) at Geddes, then east on the Geddes Hwy to U.S. Hwy 281, then south on U.S. Hwy 281 to SD Hwy 50, then south on SD Hwy 50 to I-29, then south on I-29 to the SD-IA state line.

DAILY LIMIT:
- **Ducks:** 6 - The daily duck limit may be comprised of no more than:
  - 5 mallards, which may include no more than 2 hens
  - 3 wood ducks
  - 3 scaup
  - 2 redheads
  - 2 canvasbacks
  - 1 pintail
  - 2 - bonus blue-winged teal (first 16 days of the season only)
- **Mergansers:** 5, which may include no more than 2 hooded mergansers.
- **Coots:** 15.

POSSSESSION LIMIT: Three times the daily limit, taken during the daily limit.

SHOOTING HOURS: One-half hour before sunrise to sunset.

NON-TOXIC SHOT: Approved non-toxic shot is required to hunt waterfowl. See the “Non-Toxic Shot Regulations” section for more information.

ANTELOPE ISLAND RESTRICTIONS: The Antelope Island area on Lake Sharpe (the area within the water’s edge from a north-south line across Lake Sharpe through the dredged channel at the east end of Hippie Lake, downstream to a north-south line across the reservoir 100 yards east of the eastern-most emergent vegetation on Antelope Island) has the following restrictions - No waterfowl decoys or hunting blinds may be left in the area between sunset and 5 a.m.; and no waterfowl decoys may be left unattended between 5 a.m. and sunset.

CANADA GOOSE

Includes brant and cackling geese.

SHOOTING HOURS: One-half hour before sunrise to sunset.

NON-TOXIC SHOT: Same as under Duck Regulations (pg. 18).

ANTELOPE ISLAND RESTRICTIONS: Same as under Duck Regulations (pg. 18).

AUGUST MANAGEMENT TAKE: Aug. 17-31
- **Daily Limit:** 15 geese
- **Possession Limit:** Unlimited
- **Open Area:** That portion of Pennington County west of the Cheyenne River. Federal migratory waterfowl stamp is not required.

(SEE UNIT BOUNDARY MAP ON PAGE 20)

UNIT 1: Sept. 7 - Dec. 22
- **Daily Limit:**
  - **September Season:** 8 geese from Sept. 7 - 30
  - **NOTE:** Nonresidents may not hunt Canada or Cackling Geese from Sept. 7 - 30 in the counties of Beadle, Brookings, Hanson, Kingsbury, Lake, Lincoln, McCook, Miner, Minnehaha, Moody, Sanborn, Turner and Union.
- **Regular Season:** 8 geese from Oct. 1 - Dec. 22
- **Possession Limit:** Three times the daily limit, taken according to daily limit.

The counties of Aurora, Beadle, Brookings, Brown, Butte, Campbell, Clark, Codington, Corson, Davison, Day, Deuel, Douglas, Edmunds, Faulk, Grant, Haakon, Hamlin, Hand, Hanson, Harding, Hutchinson, Jackson, Jerauld, Jones, Kingsbury, Lake, McCook, McPherson, Marshall, Meade, Mellette, Moody, Miner, Ogallala Lakota, Roberts, Sanborn, Spink, Todd, Turner, Walworth, and Ziebach, that portion of Dewey County north of Bureau of Indian Affairs Road 6, Bureau of Indian Affairs, Road 9, and the section of U.S. Hwy 212 east of the Bureau of Indian Affairs Road 8 junction, that portion of Potter County east of U.S. Hwy 83, that portion of Sully County east of U.S. Hwy 83, portions of Hyde, Buffalo, Brule, Charles Mix, and Bon Homme counties north and east of a line beginning at the Hughes-Hyde county line on SD Hwy 34, east to Lees Boulevard, southeast to the SD Hwy 34, east 7 miles to 350th Avenue, south to Interstate 90 on 350th Avenue, south and east on SD Hwy 50 to Geddes, east on 285th Street to U.S. Hwy 281, north on U.S. Hwy 281 to the Charles Mix-Douglas county boundary, that portion of Bon Homme County north of SD Hwy 50, those portions of Yankton and Clay counties north of County Hwy 58 (306th Street) to U.S. Hwy 81, then north on U.S. Hwy 81 to 303rd Street, between then on 303rd Street to 444th Avenue, then south on 444th Avenue to 305th Street, then east on Bluff Road (305th Street) to County Hwy 19, south to SD Hwy 50 and east to the Clay/Union County line, that portion of Perkins County west of SD Hwy 75 and south of SD Hwy 20, that portion of Lincoln County west of SD Hwy 17 and south of County Hwy 116 (Klondike Road), and that portion of Minnehaha County north of a line beginning at the junction of the South Dakota-Minnesota state line and County Hwy 122 (254th Street) west to its junction with County Hwy 149 (464th Avenue), that portion west of County Hwy 149 (464th Avenue) to Hartford, that portion west of County Hwy 151 (463rd Avenue) to State Hwy 42, that portion south of State Hwy 42 to SD Hwy 17, and the portion west of SD Hwy 17 to the Minnehaha-Lincoln county boundary.

UNIT 2: Nov. 4 - Feb. 16. Those areas not included in Unit 1 or Unit 3.
- **Daily Limit:** 4
- **Possession Limit:** Three times the daily limit, taken according to daily limit.

UNIT 3: Jan. 11 - 19, Bennett County.
- **Daily Limit:** 4
- **Possession Limit:** Three times the daily limit, taken according to daily limit.

NOTE: Bennett County is open to Canada and Cackling goose hunting Oct. 19 - Dec. 22 by lottery license ONLY. All goose limits apply, but Canada and Cackling geese must be tagged immediately upon possession of the bird.
2019 WATERFOWL HUNTING INFORMATION

YOUTH WATERFOWL
SEASON DATES: Sept. 21 - 22
HUNTING UNIT: Statewide.
SHOOTING HOURS: One-half hour before sunrise to sunset.
DAILY LIMIT:
- Ducks - Same as regular duck season. (Bonus blue-winged teal not allowed during youth season).
- Canada Goose - The daily limit is 8 in Unit 1. The limit is 4 in Units 2 and 3.
POSSESSION LIMIT: Twice the daily limit, taken according to daily limit.
OTHER REQUIREMENTS:
- Open to residents and nonresidents.
- The youth hunter must be properly licensed to hunt waterfowl in the state, unless participating under a Resident Mentored Hunt scenario as described in the “Mentored and Youth Hunting” section. pg 66-67. Youth may not have reached age 16 by the first day of the season.
- An adult (18 or older) must accompany youth. The adult may not hunt ducks but may participate in other open seasons, including the Canada Goose Season.
- All other restrictions are the same as during the regular waterfowl seasons.
- Nonresident youth must have a Nonresident Waterfowl License with valid dates during Sept. 21 - 22 or a Nonresident Youth Waterfowl License to participate in this hunt.

WHITE-FRONTED GOOSE
SEASON DATES: Sept. 28 - Dec. 10, statewide.
UNIT: Statewide.
DAILY LIMIT: 3
POSSESSION LIMIT: Three times the daily limit, taken according to daily limit.

LIGHT GOOSE
SEASON DATES: Sept. 28 - Jan. 10, statewide.
UNIT: Statewide.
DAILY LIMIT: 50.
POSSESSION LIMIT: Unlimited.
2019 FEDERAL LAWS FOR MIGRATORY GAME BIRDS

Definitions of common terms used in federal regulations:

Aggregate daily bag limit
The maximum number of migratory game birds permitted to be taken by one person in any one day during the open season when such person hunts in more than one specified geographic area and/or for more than one species for which a combined daily bag limit is prescribed. The aggregate daily bag limit is equal to, but shall not exceed, the largest daily bag limit prescribed for any one species or for any one specified geographic area in which taking occurs.

Aggregate possession limit
The maximum number of migratory game birds of a single species or combination of species taken in the United States permitted to be possessed by any one person when taking and possession occurs in more than one specified geographic area for which a possession limit is prescribed. The aggregate possession limit is equal to, but shall not exceed, the largest possession limit prescribed for any one of the species or specified geographic areas in which taking and possession occurs.

Baited area
Any area on which salt, grain or other feed has been placed, exposed, deposited, distributed or scattered, if that salt, grain or other feed could serve as a lure or attraction for migratory game birds to, on or over areas where hunters are attempting to take them. Any such area will remain a baited area for ten days following the complete removal of all such salt, grain or other feed.

Baiting
The direct or indirect placing, exposing, depositing, distributing or scattering of salt, grain or other feed that could serve as a lure or attraction for migratory game birds to, on or over any areas where hunters are attempting to take them.

Custody of birds of another
No person shall receive or have in custody any migratory game birds belonging to another person unless such birds are tagged as required.

Daily bag limit
The maximum number of migratory game birds of single species or combination (aggregate) of species permitted to be taken by one person in any one day during the open season in any one specified geographic area for which a daily bag limit is prescribed.

Gift of migratory game birds
No person may receive, possess or give to another, any freshly killed migratory game birds as a gift, except at the personal abode of the donor or donee, unless such birds have a tag attached, signed by the hunter who took the birds, stating the hunter’s address, the total number and species of birds and the date such birds were taken.

Illegal Hunting Methods
Migratory birds on which open seasons are prescribed in this part may be taken by any method except those prohibited in this section. No persons shall take migratory game birds:
• With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than 10-gauge, punt gun, battery gun, machine gun, fish hook, poison, drug, explosive or stupefying substance;
• With a shotgun of any description capable of holding more than three shells, unless it is plugged with a one-piece filler, incapable of removal without disassembling the gun, so its total capacity does not exceed three shells;
• Or from by means, aid or use of a sink-box or any other type of low floating device, having a depression affording the hunter a means of concealment beneath the surface of the water;
• Or from by means, aid or use of any motor vehicle, motor-driven land conveyance or aircraft of any kind;
• Or from by means of any motorboat or other craft having a motor attached or any sailboat, unless the motor has been completely shut off and/or the sails furled and its progress has ceased;
• By the use or aid of live birds as decoys; although not limited to, it shall be a violation for any person to take migratory waterfowl on an area where tame or captive live ducks or geese are present unless such birds are and have been for a period of 10 consecutive days prior to such taking, confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such birds from the sight of wild migratory waterfowl;
• By the use or aid of recorded or electrically amplified bird calls or sounds or recorded or electrically amplified imitations of bird calls or sound;
• By means or aid of any motor driven land, water or air conveyance, or any sailboat used for the purpose of or resulting in the concentrating, driving, rallying or stirring up of any migratory bird;
• While possessing loose shot for muzzle loading or shot shells containing other than approved non-toxic shot;
• By the aid of baiting or on or over any baited area, where a person knows or reasonably should know that the area is or has been baited.
However, nothing in this paragraph prohibits:
• The taking of any migratory game bird, including waterfowl, coots and Sandhill cranes, on or over the following lands or areas that are not otherwise baited areas;
• Standing crops or flooded standing crops (including aquaticals); standing, flooded or manipulated natural vegetation; flooded harvested croplands; or lands or areas where seeds or grains have been scattered solely as the result of a normal agricultural planting, harvesting, post-harvest manipulation or normal soil stabilization practice;
• From a blind or other place of concealment camouflaged with natural vegetation;
• From a blind or other place of concealment camouflaged with vegetation from agricultural crops, as long as such camouflaging does not result in the exposing, depositing, distributing or scattering of grain or other feed; or
• Standing or flooded standing agricultural crops where grain is inadvertently scattered solely as a result of a hunter entering or exiting a hunting area, placing decoys or retrieving downed birds;
• The taking of any migratory game bird, except waterfowl, coots and Sandhill cranes, on or over lands or areas that are not otherwise baited areas and where grain or other feed has been distributed or scattered solely as the result of manipulation of an agricultural crop or other feed on the land where grown or solely as the result of a normal agricultural operation

Manipulation
The alteration of natural vegetation or agricultural crops by activities that include but are not limited to mowing, shredding, diskng, rolling, chopping, trampling, flattening, burning or herbicide treatments. The term manipulation does not include the distributing or scattering of grain, seed or other feed after removal from or storage on the field where grown.

Marking package or container
No person shall transport by the U.S. Postal Service or a common carrier migratory game birds unless the package or container in which such birds are transported has the name and address of the shipper and the consignee and an accurate statement of the numbers of each species of birds therein contained clearly and conspicuously marked on the outside thereof.

Migratory bird preservation facility
Any person who, at their residence or place of business and for hire or other consideration; or any taxidermist, cold-storage facility or locker plant which, for hire or other consideration; or any hunting club which, in the normal course of operations; receives, possesses or has in custody any migratory game birds belonging to another person for purposes of picking, cleaning, freezing, processing, storage or shipment.

Natural vegetation
Any non-agricultural, native or naturalized plant species that grows at a site in response to planting or from existing seeds or other propagules. The term natural vegetation does not include planted millet. However, planted millet that grows on its own in subsequent years after the year of planting is considered natural vegetation.

No migratory bird preservation facility shall:
• Receive or have in custody any migratory game bird unless accurate records are maintained which can identify each bird received by or in the custody of, the facility by the name of the person from whom the bird was obtained and show:
  • The number of each species;
  • The location where taken;
  • The date such birds were received;
  • The name and address of the person from whom such birds were received;
  • The date such birds were disposed of; and
  • The name and address of the person to whom such birds were delivered or
• Destroy any records required to be maintained under this section for a period of one year following the last entry on the record.
• Record keeping as required by this section will not be necessary at hunting clubs which do not fully process migratory birds by removal of both the head and wings.
2019 Federal Laws for Migratory Game Birds

Please note these examples do not represent an all-inclusive list of waterfowl regulations. For a detailed explanation, visit fws.gov/le or contact a U.S. Fish and Wildlife Service Law Enforcement Agent at: Columbia 605.885.6403, Hot Springs 605.745.5076, or Bismarck, ND 701.255.0593.

Tagging requirement
No person shall put or leave any migratory game birds at any place (other than at his personal abode) or in the custody of another person for picking, cleaning, processing, shipping, transportation or storage (including temporary storage) or for the purpose of having taxidermy services performed, unless such birds have a tag attached, signed by the hunter, stating his address, the total number and species of birds and the date such birds were killed. Migratory game birds being transported in any vehicle as the personal baggage of the possessor shall not be considered as being in storage or temporary storage.

Transportation
Ship, convey, carry or transport by any means, including delivery or receipt for such shipment, conveyance, carriage or transportation.

Transportation of birds of another
No person shall transport migratory game birds belonging to another person unless such birds are tagged as required.

Wanton waste of migratory game birds
No person shall kill or cripple any migratory game bird without making a reasonable effort to retrieve the bird and retain it in actual custody, at the place where taken or between that place and either:
• That person’s automobile or principal means of land transportation; or
• That person’s personal abode or temporary or transient place of lodging; or
• A migratory bird preservation facility; or
• A post office; or
• A common carrier facility.

Termination of possession
Subject to all other requirements of this part, the possession of birds taken by any hunter shall be deemed to have ceased when such birds have been delivered by him to another person as a gift; or have been delivered by him to a post office, a common carrier or a migratory bird preservation facility and consigned for transport by the U.S. Postal Service or a common carrier to some person other than the hunter.
Big Game Tagging and Transportation
See Big Game Regulations.

Domicile
A person’s established, fixed and permanent home to which the person, whenever absent, has the present intention of returning.

Game Bird Transportation and Packaging
No game bird, including a wild turkey, may be possessed, placed in public storage, transported or accepted for shipment unless the following minimum requirements are met for each listed species:
• Waterfowl shall include an attached fully feathered wing or an attached head; and conform to other federal requirements (see federal laws for migratory game birds).
• Pheasants and grouse, unless processed at a wildlife processing facility and accompanied by the receipt or at the domicile of the possessor, shall include at least one of the following attached: the head, a fully feathered wing or a foot. The term grouse includes sharp-tailed grouse, ruffed grouse and prairie chicken;
• Wild turkeys, unless processed at a wildlife processing facility and accompanied by the receipt, or at the domicile of the possessor, shall include the attached leg and foot bearing the tag issued with the license. Any person who lawfully takes a wild turkey may remove edible portions from the turkey while in the field and transport the person also has in their possession the beard, leg and foot with the attached tag until the bird has arrived at the domicile of the processor. Any person licensed to take “any turkey” is exempt from transporting the beard;
• All other game birds, unless processed at a wildlife processing facility and accompanied by the receipt, or at the domicile of the possessor, shall include the attached head or an attached fully-feathered wing.

If the tag is used for identification, it shall have sufficient plumage attached to allow for prompt identification of the game bird. Game birds, if frozen, shall be packaged no more than two per package in order to facilitate identification and count of species.

No game bird may be transported by unlicensed individuals, unless accompanied by a valid transportation permit issued by the department. However, at the conclusion of hunting a licensed hunter may transport a game bird legally taken by another person to a wildlife processing facility if the bird is tagged with the name of the hunter, the hunter’s address, the total number and species of birds taken, the date such bird was killed, and signature of the hunter.

Possession Limit
The maximum number of a particular species of game (excluding migratory game birds) that a person may lawfully have under their control (including those in their immediate possession, a portable cooler in the vehicle, a home freezer, or registered in their name at a wildlife processing facility/locker; or any combination thereof). Game harvested during a previous season or year in South Dakota and still in possession counts toward the possession limit of the current license year. However, game (excluding migratory game birds) lawfully harvested under another state’s license does not count towards the South Dakota limit.

See Federal Laws for Migratory Game Birds on page 22-25.

Public Storage
No person may place into public storage any game bird, game fish or game animal unless the game bird, game fish or game animal has attached to it a tag showing the owner’s name and address, the number and kind of bird, fish or animal, the date the bird, fish or animal is placed in storage, the date killed (for migratory game birds) and hunter signature (for migratory game birds). Public storage is any business storing game birds, game fish or game animals for a fee or a convenience and has a South Dakota sales tax license.

Records Required for Wildlife Processing Facilities
No wildlife processing facility shall:
• Receive or have in custody any wild animal unless accurate records are maintained that can identify each wild animal received by, or in the custody of, the facility by the name of the person from whom the wild animal was obtained and show the number of each species; the date each wild animal was received; the name and address of the owner of each wild animal; the date each wild animal was disposed of; and the name of the person or business to whom each wild animal was delivered or
• Destroy records required to be maintained under this section for a period of one year following receipt of each wild animal or
• Allow any wild animal or parts thereof, to leave the facility without a receipt bearing the name of the facility, number and species of wild animals and name of the owner of each wild animal.

However, the provisions of this section do not apply to any permitted bird harvested on a licensed shooting preserve and processed by the preserve permittee.

Inspection of Wildlife Processing Facilities
No wildlife processing facility may prevent any GFP representative from entering the facility during normal business hours and inspecting any wild animal, records and the premises of the facility.

Wildlife Processing Facility
A wildlife processing facility is any person or entity that has a South Dakota sales tax license to operate a business that receives, possesses or has in custody any wild animal belonging to another person for purposes of picking, skinning, cleaning, freezing, processing or storage.

Shipping/Common Carrier
A licensed hunter may carry as personal baggage any small game or waterfowl lawfully taken or possessed by that hunter. No person may knowingly ship or receive for shipment by common carrier any small game or waterfowl unless the container containing the small game or waterfowl has affixed to the outside of the container a clearly visible statement containing the following information:
• The name, address, and license number of the person shipping the small game or waterfowl;
• The number and species of all small game and waterfowl in the container;
• The date of shipment; and
• The name and address of the person to whom the small game or waterfowl has been shipped.

Transportation Permits
A person other than the licensee may transport small game with a transportation and shipping permit. A permit may be obtained from a conservation officer or GFP representative, in a conservation district, charging a fee of up to $20 per permit. Application for a permit is to be made to a conservation officer or GFP representative. Transportation permit permits a person other than the licensee to transport small game as a passenger or in the custody of, the facility by the name

Records Required for Wildlife Processing Facilities
No wildlife processing facility shall:
• Receive or have in custody any wild animal unless accurate records are maintained that can identify each wild animal received by, or in the custody of, the facility by the name of the person from whom the wild animal was obtained and show the number of each species; the date each wild animal was received; the name and address of the owner of each wild animal; the date each wild animal was disposed of; and the name of the person or business to whom each wild animal was delivered or
• Destroy records required to be maintained under this section for a period of one year following receipt of each wild animal or
• Allow any wild animal or parts thereof, to leave the facility without a receipt bearing the name of the facility, number and species of wild animals and name of the owner of each wild animal.

However, the provisions of this section do not apply to any permitted bird harvested on a licensed shooting preserve and processed by the preserve permittee.

Inspection of Wildlife Processing Facilities
No wildlife processing facility may prevent any GFP representative from entering the facility during normal business hours and inspecting any wild animal, records and the premises of the facility.

**SHOOTING HOURS:** Sunrise to sunset for all species listed except mourning dove, Sandhill crane and tundra swan which is 30 minutes before sunrise to sunset and crow, prairie dog, ground squirrel, gopher, porcupine and marmot, which are not restricted.

*Although federal laws apply, a Federal Waterfowl Stamp is not required to hunt mourning dove, Sandhill crane or tundra swan which is 30 minutes before sunrise to sunset and crow, prairie dog, ground squirrel, gopher, porcupine and marmot, which are not restricted.*

#### Mourning Dove Restrictions
A person:
- May not shoot a mourning dove unless the bird is flying.
- May not hunt mourning doves with a shotgun capable of holding more than three shells.
- May not hunt mourning doves in a state park or recreation area, except that portion of Angostura State Recreation Area lying west of the dam.
- Removed the restriction to hunt mourning doves within 50 yards of a public road. Mourning dove hunting is still prohibited within road rights-of-way.

**NOTE:** The U.S. Fish and Wildlife Service encourage hunters who bag banded doves to visit reportband.gov to report the band number and other important information.

#### Sandhill Crane
Open area is that portion of South Dakota lying west of a line beginning at the South Dakota-North Dakota border and SD Hwy 25; south on SD Hwy 25 to its junction with SD Hwy 34, east on SD Hwy 34 to its junction with U.S. Hwy 81, then south on U.S. Hwy 81 to the South Dakota-Nebraska border. Hunters must use non-toxic shot.

#### Crow
Electronic calls and rifles are legal to hunt crows.

#### Tundra Swan
Only hunters who applied for and received a license through the License Office are eligible to hunt. Hunters must use non-toxic shot when hunting tundra swans. The open unit includes the counties of Aurora, Beadle, Brookings, Brown, Brule, Buffalo, Campbell, Clark, Codington, Davison, Day, Deuel, Edmunds, Faulk, Grant, Hamlin, Hand, Hanson, Hughes, Hyde, Jerauld, Kingsbury, Lake, Marshall, McCook, McPherson, Miner, Minnehaha, Moody, Potter, Roberts, Sanborn, Spink, Sully and Walworth. Federal laws apply.

#### Prairie Dog
Prairie dog shooting is prohibited year-round in the Conata Basin and several other areas within the Buffalo Gap National Grasslands. Please contact the U.S. Forest Service for additional information regarding specific closure locations at 605.279.2125.

#### Cottontail Rabbit
Landowners and their guests may hunt cottontail rabbit on the landowner’s property year-round without a limit.

**Nonresidents** may take only raccoon, beaver and muskrat from Dec. 7 - March 15, and bobcats from Jan. 11 - Feb. 15. Mink and weasel may be trapped from Dec. 7 - Jan. 31. Nonresidents may not use dogs to aid in taking raccoon.

**Seasons** begin at sunrise of opening day and end at sunset of closing day.

**Muskrat Restrictions.**
- No trapping on or in muskrat houses of any size after March 15.
- Only landowners and lessees, including SD School and Public land surface lease holders, on land they own or operate and state, county or township highway officials within road rights-of-way are allowed to shoot muskrats, statewide. Only rimfire cartridges of .22 caliber or smaller, muzzleloaders of .45 caliber or smaller, legal archery equipment, or shotguns with non-toxic shot are allowed.

**Bobcat.** Hunters/trappers are restricted to one bobcat per hunter/trapper in the open areas in East River.

** Coyote.** In addition to a valid resident license, a free access permit is required for coyote hunting in Custer State Park (Season dates: Dec. 26 - March 31).

**Wolf.** Wolves are currently protected under the Endangered Species Act.

**NOTE:** For additional restrictions see page 30-32.
Barbed Hooks
Barbed hooks or other similarly sharpened instruments may not be used to take furbearing animals.

Bobcat Carcasses
Any person harvesting a bobcat must submit the entire carcass, along with the detached pelt, to GFP personnel within five days of capture. Once the season has closed, an individual has 24 hours to notify a conservation officer or wildlife damage specialist of any untagged bobcats harvested during the season. The pelt will be inspected, tagged and registered. The lower jaw will be removed from the carcass. The tagged pelt will be returned. The carcass may be returned upon request. No person may possess, purchase or sell raw bobcat pelts that are not legally tagged.

Body Grip Traps (commonly known as conibears)
Body grip traps with a jaw spread greater than eight inches are permitted only as water sets. All of the bottom surface of these traps must remain completely below the water’s edge for beaver year-round West River, except in the Black Hills Fire Protection District.

On all public lands and road rights-of-way statewide, no person may set or operate a body grip trap when used in conjunction with any bait, lure, or scent with a jaw spread greater than 6 3/4 inches (i.e. larger than a 160 conibear) unless:
• The trap is reeled in a plastic, wood, or metal cubby a minimum of seven inches from the front edge of the cubby to the trigger of the trap; or
• The trap is set below the water’s edge of a stream, river, or other body of water.

NOTE: A single overhang on the top of the cubby does not meet this recess requirement.

Catches Out of Season
A trapper must immediately release any live wild animal found in a trap or snare at a time when the established season is closed. Any trapper who finds a dead wild animal in a trap or snare out of season must leave the animal undisturbed in the trap or snare and contact a GFP representative within 12 hours.

Colony Traps
The size of colony traps for muskrats may not exceed 36 inches in overall length. If using a round colony trap, the diameter cannot exceed 12 inches. If using a box colony trap, the height may not exceed 12 inches nor may the width exceed 12 inches.

Flagging
No person may flag, mark or attempt to claim a muskrat house on public lands or waters before sunrise on opening day of the trapping season. After the season is open, marking of muskrat houses is illegal if the house contains an operational trap set.

Furbearer Possession, Live
Possession of live furbearers is prohibited except that no more than one live furbearer (either a raccoon, jackrabbit, skunk, red or grey fox or coyote) per household may be kept as a pet. In addition, the Animal Industry Board requires a permit to keep mammals including certain furbearers. For details, contact the Animal Industry Board at 605.773.3321. No pet furbearer may be physically altered except skunks may be desecrated. Sale or purchase of a pet wild furbearer is prohibited.

Furbearers, Release or Killing
Except when kept as a pet as provided above, a furbearer taken from the wild must either be released or immediately and humanely killed.

Landowners
A resident of South Dakota may catch, trap or kill furbearing animals upon land owned or leased without obtaining a license to do so, during any period when hunting, catching, taking, trapping or killing such animals is permitted.

Live Mammals or Birds
The use of any live mammal or live bird to aid in the taking of a furbearing animal, predator or varmint by a trap or snare is prohibited.

Permission Required
No person may attach a trap, including snares, to any part of a fence along road rights-of-way adjacent to private land without permission from the adjoining landowner.

Permission Required
No person may have a permit issued by the park manager to trap in a state park or recreation area. The free permits are valid Nov. 1 - Mar. 31.

Permission is required from the landowner for trapping on private land leased for wildlife hunting in the Walk-In Area program, controlled Hunting and Access Program (CHAP) and the Conservation Reserve Enhancement Program (CREP).

Pole Traps
No person may set or allow to be set any trap, snare or similar device on a pole or post in a manner that a raptor may be captured, injured or killed.

Protected Animals
No person may take wolf, pine (American) marten, black-footed ferret, swift fox, fisher, river otter or black bear. If any of these protected species are accidentally caught the animal must be released alive. If the animal is found dead, it must be left undisturbed in the snare or trap and a GFP representative contacted within 12 hours.

Raw Furs
Raw furs may be kept after the close of each respective season if the furs are checked with a GFP conservation officer within 10 days.

Restrictions
Except in Haakon, Jackson, Jones, Lyman and Stanley counties where these laws do not apply for muskrats, no person may:
• Hunt mink or muskrats with dogs.
• Dig or disturb a mink den or beaver house to capture mink or beaver, or use poison, gas or smoke to kill or capture these animals.
• Spear muskrat.
• Destroy a muskrat house, except that in open season a house may be opened in a manner that will not destroy or damage it as a place of habitation.

Snares
Snares may not be set within fenced pastures, cropland, feedlots or fenced areas containing domestic livestock without permission of the landowner or the operator.

A person must have a permit issued by the park manager to trap in a state park or recreation area. The free permits are valid Nov. 1 - Mar. 31.

Permission is required from the landowner for trapping on private land leased for wildlife hunting in the Walk-In Area program, controlled Hunting and Access Program (CHAP) and the Conservation Reserve Enhancement Program (CREP).

Snares
Snares may not be set within fenced pastures, cropland, feedlots or fenced areas containing domestic livestock without permission of the landowner or the operator.

A person must have a permit issued by the park manager to trap in a state park or recreation area. The free permits are valid Nov. 1 - Mar. 31.

Permission is required from the landowner for trapping on private land leased for wildlife hunting in the Walk-In Area program, controlled Hunting and Access Program (CHAP) and the Conservation Reserve Enhancement Program (CREP).

Snares
Snares may not be set within fenced pastures, cropland, feedlots or fenced areas containing domestic livestock without permission of the landowner or the operator.

A person must have a permit issued by the park manager to trap in a state park or recreation area. The free permits are valid Nov. 1 - Mar. 31.

Permission is required from the landowner for trapping on private land leased for wildlife hunting in the Walk-In Area program, controlled Hunting and Access Program (CHAP) and the Conservation Reserve Enhancement Program (CREP).

Snares
Snares may not be set within fenced pastures, cropland, feedlots or fenced areas containing domestic livestock without permission of the landowner or the operator.

A person must have a permit issued by the park manager to trap in a state park or recreation area. The free permits are valid Nov. 1 - Mar. 31.

Permission is required from the landowner for trapping on private land leased for wildlife hunting in the Walk-In Area program, controlled Hunting and Access Program (CHAP) and the Conservation Reserve Enhancement Program (CREP).
2019 FURBEARER REGULATIONS

Trapping in State Parks
A person must have a permit issued by the park manager to trap in a State Park or Recreation Area (Custer State Park, Adams Homestead and Nature Preserve in Union County and Beaver Creek Nature Area in Minnehaha County are closed to trapping). The free permits are valid Nov. 1 - March 31. Applications can be found online or contact any park office. A valid furbearer license is required. Trappers must also be familiar with and adhere to all park, firearm and vehicle restrictions.

Trap Vandalism
No person may steal, damage or destroy someone else’s trap, snare or animal in a trap.

Visible Bait
Traps, including snares, may not be set within 30 feet of exposed bait visible to airborne raptors. Exposed bait is meat or viscera of any animal, bird or fish with or without skin, hide or feathers.

Water Sets
Traps (except any live cage trap or live box trap, snares and traps designed specifically to catch raccoons such as coon cuffs and egg traps) cannot be placed or set in water or within 30 feet of water from Oct. 1 to the opening of the mink season. However, body-grip traps may be set below the water’s edge for beaver, West River (excluding the Black Hills Fire Protection District). All of the bottom surface of these traps must remain completely below the water’s edge at all times.

No person may place any trap (set or unset), stake, cable, chain, wire or other device used for the purpose of attaching a trap or otherwise attempt to claim or mark a trap site on any public road rights-of-way or public lands or waters open to trapping within 30 feet of water from Oct. 1 to the opening of the mink season, inclusive (please refer to the Furbearer Season Chart for specific dates).

2019 BIG GAME SEASONS

Big Game Licenses are issued by application. Season regulations accompany licenses. All elk, bighorn sheep, mountain lion, mountain goat and Custer State Park seasons are resident only. See gfp.sd.gov/hunt.

ANTELope
Archery Antelope: Aug. 17 - Oct. 31
• Closed during firearms season
Firearm Antelope: Sept. 28 - Oct. 13

DEER
Mentored/ Apprentice Season:
Sept. 14 - Jan. 1
Archery: Sept. 1 - Jan. 1
East River Deer: Nov. 23 - Dec. 8
• Only antlerless tags valid Dec. 14 - 22
West River Deer: Nov. 16 - Dec. 1
• Unit 30A, Nov. 9 - 12 and Nov. 25 - Dec. 1
• Only antlerless tags valid Dec. 14 - 22
Black Hills Deer: Nov. 1 - 30
• Any Deer and Any Whitetail Deer licenses: Nov. 1 - 30
• Archery only Nov. 1 - 15
Refuge Deer: (see application for various start dates for Sand Lake, Lacreek and Waubay National Wildlife Refuges)
Muzzleloader Deer: Dec. 1 - Jan. 1

MISCELLANEOUS
Black Hills Bighorn Sheep: Sept. 1 - Dec. 31
Badlands Bighorn Sheep: Sept. 1 - Dec. 31
Black Hills Mountain Goat: Sept. 1 - Dec. 31
Fall Turkey: Nov. 1 - Jan. 31
Black Hills Mountain Lion (within Black Hills Fire Protection District): Dec. 26 - March 31 or closed if the harvest limit of 60 mountain lions or 40 female mountain lions is reached prior to March 31.

Wolf Identification
Wolves are currently federally protected under the Endangered Species Act. As of Dec. 23, 2014, harvesting gray wolves through recreational hunting or trapping across South Dakota is prohibited. However, an endangered species, such as the gray wolf, may be taken in defense of human life.

Wolf
• 2.5 feet tall
• 5-6 feet long
• 70-120 pounds
• Broad snout
• Round ears
• Color light gray to black
• Track 4.5 inches wide and 5.5 inches long
• Claws evident

COYOTE
• 1.5 feet tall
• 4 feet long
• 30-40 pounds
• Narrow snout
• Pointed ears
• Color light gray to brown
• Track 2.5 inches wide and 2-2.5 inches long
• Claws evident

Pittman-Robertson Funding
The Pittman-Robertson Wildlife Restoration Act authorizes the Secretary of the Interior to cooperate with states, through their respective fish and game departments, for wildlife restoration projects. States must meet federal standards for the conservation of wildlife; which includes a prohibition against the diversion of license fees paid by hunters for any other purpose than the administration of the state fish and game department. Funds are collected through excise taxes on firearms, ammunition, archery equipment and other hunting-related items.

States must provide a 25 percent match to requested funds. The Pittman-Robertson funding allocation in 2019 totaled $11,599,587. In 2019, South Dakota allocated funds to programs listed in the below chart.

2019 SOUTH DAKOTA HUNTING HANDBOOK
2019 BIG GAME REGULATIONS

The following is a synopsis of big game regulations. Other rules applicable to big game hunting may be found in other sections of this handbook. Big game regulations are also available on gfp.sd.gov

Tag Definitions
Any Deer - whitetail or mule deer buck, doe or fawn. Antlerless Deer/Elk - deer/ elk of either sex without visible antler.
Doe/Fawn Antelope - antelope of either sex without horns or with horns less than three inches in length. Any Turkey - wild turkey of either sex.
Male Turkey - wild turkey with a visible beard/spurs. Hen Turkey - wild turkey without a visible beard/spurs.

Archery Equipment Restrictions:
A person hunting with bow and arrow may not use or possess any of the following:
- Explosive, poisonous, hydraulic or pneumatic points;
- Crossbows and draw-lock devices that hold the bow at partial or full draw except for persons with qualifying disabilities;
- Electronic devices mounted to the bow that aid in the taking of game. However, cameras, video cameras, cell phones used exclusively for photographic purposes, lighted sight pins and illuminated arrow nocks may be used;
- Electronic arrow or electronic string releases;
- Telescopic sights;
- An arrow without a broadhead (fixed or mechanical) that has at least two metal cutting edges when hunting big game animals. However, an arrow tipped with any point may be possessed when used for practice;
- A bow measuring less than 40 pounds pull when hunting an elk;
- A bow measuring less than 30 pounds pull when hunting big game animals other than elk.

Bowhunter Education
The National Bowhunter Education Foundation certificate is not required for resident or non-resident archery licensees, however online and in person bowhunter education is still available for those wanting to learn more about archery. All big game archery licensees under age 16 must possess a hunter safety education certificate.

Concealed Pistol
No firearm restrictions in place for any hunting season prohibit a licensee from otherwise lawfully carrying a pistol while hunting.

Decoys
Decoys may be used for big game hunting.

Dog Use While Hunting Big Game
No one may use a dog for hunting big game, except for the following:
- A dog that is leashed and under the control of a handler may be used to track and retrieve any big game animal that is wounded or presumed dead.
- The use of dogs to hunt mountain lions is only allowed during those specified hunting intervals in Custer State Park that allow for the use of dogs and outside of the Black Hills Fire Protection District on private land with permission of the landowner or lessee. However, a pursuit of a mountain lion by dogs that originates on private land may cross over or culminate on property owned by the Office of School and Public Lands or the United States Bureau of Land Management other than the Fort Meade Recreation Area.

Fluorescent Orange
Any person hunting any big game animal, except turkey or mountain lion, with a firearm shall wear in a visible manner one or more fluorescent orange exterior garments. The exterior garment shall be a hat, cap, shirt, jacket, vest, coverall, or poncho worn above the waist.

Legal Firearms
No self-loading or auto-loading firearm that holds more than six cartridges may be used to hunt, pursue, shoot at, shoot, kill or wound any big game animal. No firearm that is capable of being operated as a full automatic may be used to hunt, shoot, shoot at, wound, kill or pursue any big game animal or small game animal. Shotguns must discharge a single ball or rifled slug weighing at least one-half ounce. Buckshot is prohibited.

Deer, Antelope, Mountain Lion: Shoulder-held firearms using ammunition rated to produce at least 1,000 foot-pounds of energy at the muzzle and handguns using ammunition that is rated to produce at least 500 foot-pounds of energy at the muzzle, may be used to hunt deer, antelope and mountain lion. Only soft-point or expanding bullets are permitted. Shotguns must discharge a single ball or rifled slug weighing at least one-half ounce. Buckshot is prohibited.

Elk: It is illegal to use firearms that produce less than 1,700 foot-pounds of energy at the muzzle and that are smaller than .243 caliber to hunt elk. Only soft point or expanding bullets are permitted. Buckshot is prohibited.

Turkey: A person may not use a riflfire, centerfire or muzzleloading rifle during the spring turkey season. Other shoulder-held firearms using ammunition that is factory-rated to produce at least 700 foot-pounds of energy at the muzzle and handguns using ammunition which is factory-rated to produce at least 500 foot-pounds of energy at the muzzle may be used in the hunting of wild turkeys. Buckshot is prohibited.

Muzzleloading Firearms: In seasons restricted to muzzleloading firearms, telescopic sights are not allowed. Telescopic sights are those sights that utilize magnification. No person may hunt, shoot, shoot at, wound, kill or pursue any big game animal with any muzzle loading rifle which is less than .44 caliber. Muzzleloading handguns must discharge a projectile of .50 caliber or larger.

NOTE: Hunters filling big game tags that are not restricted to archery or muzzleloaders may use any of the weapons described under “Legal Firearms” or “Archery” or any combination of weapons. Additionally, a person who holds a Big Game License to take a big game animal during the firearm season may take the animal by using a crossbow in lieu of a firearm. The crossbow shall have at least 125 pounds pull and have a working mechanical safety.

Nonlicensees/Accompaniment
All Big Game Licensees
No person possessing a firearm, including a muzzleloading firearm or a bow and arrow may accompany a big game hunter in the field or cooperate as part of a big game hunting group unless the accompanying person possesses a Big Game License that is valid for the same geographic area and time of year as the licensee.

The provisions of this section do not apply to a person who is legally licensed to hunt small game or exempt from license requirements and hunting only with a shotgun using shotshells. No person hunting small game and accompanying a licensed firearm big game hunter in the field may use dogs while accompanying the big game hunter.

Archery-Only Big Game Licensee
No person who is licensed in a season restricted to archery only may:
- Possess a firearm in the field while hunting big game with bow and arrow, except a person who possesses a firearms big game license that is valid for the same geographic area and time of year as the archery license OR a person who is lawfully carrying a pistol.

Personal Property on Public Land
A person may not leave any property after 11:00 p.m. on public lands owned, leased, or controlled by GFP or in the water adjoining such an area, or within the right-of-way of the George S. Mickelson Trail unless that person is legally camped, lodged, or fishing or the property is located in a leased space designated for the specified use of that property.

A person may not leave any fish houses for more than five days on lands owned, leased, or controlled by GFP without written permission from an authorized representative of the department.

The provisions of this section do not apply to legally placed tree stands, elevated platforms, portable blinds, trail cameras, or trapping equipment.

Except for legal tree stands, portable blinds, trail cameras and trapping equipment all personal property must be removed from lands managed by the U.S. Fish and Wildlife Service by the end of each day.

Prohibited Felons
An individual who has a felony conviction might be prohibited from possessing a firearm by state or federal law. According to state law the term “firearm” now includes any antique firearm and any muzzleloading rifle, muzzleloading shotgun or muzzleloading pistol, including muzzleloading weapons that are designed to use black powder or a black powder substitute and cannot use fixed ammunition.

Restrictions
No one may discharge a firearm, muzzleloader, crossbow or bow and arrow at any big game animal, except turkey may be taken with a shotgun using shotshells or with a bow and arrow, from within the rights-of-way of an improved highway including gravel township roads.

No one may discharge a firearm or other weapon across or from a Black Hills National Forest System road.

No person may place any salt or salt lick or construct, occupy or use any screen, blind, scaffold or other device at or near any salt or salt lick for the purpose of enticing or baiting big game animals to the same for the purpose of hunting, watching for or killing big game.

No one may establish, utilize or maintain a bait station from Aug. 15 - Feb. 1, inclusive and from March 15 - May 31, inclusive, to attract any big game animal (including turkey). A bait station is a
2019 BIG GAME REGULATIONS

location where grains, fruits, vegetables, nuts, hay, minerals (including salt) or any other natural food materials, commercial products containing natural food materials or by-products of such materials are placed or maintained as an attractant to big game animals for the purpose of hunting. The use of scent alone does not constitute a bait station. The bait station restriction does not apply to foods that have not been placed or gathered by an individual and result from normal environmental conditions or accepted farming, forest management, wildlife food plantings, orchard management or similar land management activities. Individuals are exempt from the bait station requirements while participating in any research or depredation management activities directed by GFP.

No person may establish, utilize or maintain a bait station on lands owned by the GFP and on properties managed and classified by GFP as Game Production Areas, State Parks, State Recreation Areas, State Lakeside Use Areas, State Nature Areas or State Water Access Areas.

Additionally, the distribution of bait and hunting over bait is prohibited on U.S. Fish and Wildlife Service Waterfowl Production Areas (WPA). No one may use an electronic call when hunting big game (including turkey). Electronic calls are allowed for mountain lion hunting.

No one may kill a big game animal not in season or kill a big game animal in season and not tag and claim the animal.

Shooting Hours

All firearms and archery big game shooting hours (except turkey) are 30 minutes before sunrise to 30 minutes after sunset. Shooting hours for turkey season are 30 minutes before sunrise to sunset.

Tagging and Transportation

The tag you receive with your license must be signed, dated and securely attached to the leg of the big game animal at the time it is brought to a road or into any hunting camp, farmyard or residence or before it is placed in or on a vehicle. The locking seal issued with each Big Game License is an adhesive tag. The licensee shall sign the tag and date it by cutting out completely the month and day of the date of kill only. The licensee shall attach the tag securely around one leg of a mountain lion, turkey, swan, or goose. The licensee shall attach the tag securely to all hoofed big game animals:

1. Around one hind leg between the hoof and ankle joint;
2. Around the hock tendon directly above the ankle joint on one hind leg; or
3. Around the base of the antler or horn.

Tagging allows a big game animal to be transported and stored by the hunter or another person for the hunter.

No one may lend a license or tag to another or knowingly issue or aid in securing a license or preference point for any person not legally entitled to it.

No person may possess in the field or transport a big game animal (including boned out meat), except turkey, unless it is accompanied by the animal’s lawfully tagged leg along with either the animal’s head or a hind quarter with the visible external sex organs left naturally attached to it. Any person licensed to take any deer, any elk or any antelope is exempt from transporting the animal’s head or hind quarter with attached sex organs if the lawfully tagged leg accompanies the animal for such license. However, the provisions of this section do not apply to a Big Game Licensee who transports big game parts (including boned out meat) from the licensee’s domicile to another location if the licensee possesses the big game tag or Big Game License entitlement to the licensee to the animal or to big game that has been cooked or cured, by means other than freezing, for personal consumption. If a person other than licensee transports big game animal parts (including boned meat) from the licensee’s domicile to another location, the tagged leg or a transportation permit must accompany the items being transported.

Wild turkeys, unless processed at a wildlife processing facility and accompanied by the receipt, or at the domicile of the processor, shall include the attached leg and foot bearing the tag issued with the license. Any person who lawfully takes a wild turkey may remove edible portions from the turkey while in the field and transport providing the person also has in their possession the beard, leg and foot with the attached tag until the bird has arrived at the domicile of the processor. Any person licensed to take “any turkey” is exempt from transporting the beard. If someone other than the licensed hunter is transporting big game parts (antlers, hide and etc.) to a taxidermist, the parts must be accompanied by the tagged leg or appropriate documentation that would allow a conservation officer to determine that the items in transport were lawfully possessed.

Big game taken in another state or with a tribal license must be properly tagged when transported within South Dakota. If no tag was issued, the person in possession of the animal must provide proof the animal was lawfully taken.

Trail Cameras on GFP Lands

Any trail camera placed on public lands owned, leased, or controlled by GFP may be attached to a tree, post, or other structure by utilizing no more than one nail, bolt, or screw. The name and address of the owner or user OR the year and current applicable big game license number of the owner or user must be on the exterior of an unattended trail camera. A trail camera is a remotely activated device set to capture photos, video, sound, or other evidence of activity while the user is absent from the location.

Tree Stands/Portable Blinds on Public Land

Construction or use of permanent tree stands, permanent blinds, and climbing devices are prohibited on lands owned, leased, or controlled by GFP. Portable tree stands, portable blinds, and climbing devices that do not utilize nails, wire, or bolts for attachment are allowed from August 1 - March 31, inclusive. Portable blinds may also be used during the spring turkey seasons by licensed spring turkey hunters. One screw-in “T” may be used to stabilize a tree stand. Removable screw-in steps may be used to access a tree stand. The name and address OR the year and current applicable big game license number of the owner or user must be on the exterior of an unoccupied portable blind and legible from the ground on a tree stand. Other elevated platform devices that are not attached to a tree must meet the requirements of this rule for permitted dates and for labeling if left overnight or unattended. A properly labeled tree stand on GFP land is privately owned property.

The use of nails, wires, screws, bolts or screw-in steps is prohibited on National Wildlife Refuges and Waterfowl Production Areas, both managed by the U.S. Fish and Wildlife Service.

Contact Sand Lake National Wildlife Refuge for specifics on placement of deer stands within the Refuge. Call 605.885.6320 or visit fws.gov/sandlake.

Turkey Hunting Restriction

No turkey may be shot in a tree or roost. Lead shot is legal for turkey hunting on all public lands.

LEGALLY TAGGING AND TRANSPORTING DEER

When do I tag my deer?

The locking seal issued with each big game license, swan license, or special Canada goose license is an adhesive tag. The licensee shall sign the tag and date it by cutting out completely the month and day of the date of kill only. The licensee shall attach the tag securely around one leg of a mountain lion, turkey, swan, or goose. The licensee shall attach the tag securely to all hoofed big game animals:

1. Around one hind leg between the hoof and ankle joint;
2. Around the hock tendon directly above the ankle joint on one hind leg; or
3. Around the base of the antler or horn.

How do I transport my deer from the field?

The deer (including boned out meat) must be accompanied by the animal’s lawfully tagged leg along with either the animal’s head or a hind quarter with the visible external sex organs left naturally attached to it. However, a person with an any deer license must only provide the lawfully tagged leg that accompanies the animal for such license.

Can I transport a deer for another person?

Tagging allows a deer to be transported and stored by the hunter or for the hunter. If a person other than licensee transports deer parts (including boned meat) from the licensee’s domicile to another location, the tagged leg OR a transportation permit must accompany the items being transported.

What do I need to transport my deer from my domicile to the taxidermist or processor?

You must carry the big game tag or Big Game License entitling you to the animal.
Hunting on Public Road Rights-of-Way

Laws and rules governing trespass and motor vehicles are complex. The laws may be simplified if the hunter remembers to hunt only on foot during established seasons, to ask permission to enter private land and to drive on state and federal lands. It is also advisable to restrict vehicular travel in wet weather when roads, trails, rangeland and cropland could be damaged and in dry conditions when fire danger is high.

ATTENTION DOG OWNERS: Hunters who hunt road rights-of-way should understand they must maintain control of their hunting dogs at all times. Dog owners who allow their animals to remain on private property without landowner permission for the purpose of flushing game birds may be subject to trespassing charges. Dogs may be used in the unarmored retrieval of lawfully taken wildlife, and small game birds from private property. However, under no circumstances may dogs be used to intentionally flush birds from private property to hunters in the road rights-of-way.

Road rights-of-way, excluding the Interstate highway system, are open for the hunting of small game and waterfowl (see Mourning Dove, Youth Pheasant and Resident-Only Pheasant seasons for special road hunting restrictions). Only the owner of the occupied dwelling, church, or schoolhouse; the owner of livestock; or a person who has written permission from the owner of the occupied dwelling, church, or schoolhouse, or the owner of the livestock may use such highways or rights-of-way for the purposes of discharging any firearm or for the purposes of hunting within a 660 foot safety zone surrounding an occupied dwelling, a church, schoolhouse, or livestock. No other person may discharge a firearm at small game within the safety zone.

The rights-of-way along a section line or other highway are open for hunting if:

• The rights-of-way have been commonly used by the public for vehicular travel, as demonstrated by the existence of a well-worn vehicle trail.
• An intentional alteration or adaptation has been made to the rights-of-way to enhance the natural terrain’s utility for vehicular travel or to permit vehicular travel where it was not possible before.

NOTE: Fences are sometimes not on a rights-of-way boundary and sometimes there is no fence. Most section line rights-of-way are 66 feet wide. Some acquired rights-of-way are wider.
• Hunters can take only small game (except mourning doves) and waterfowl within the rights-of-way on foot. The hunter must be within the rights-of-way and the game must originate from the road rights-of-way or be flying over the rights-of-way.
• The person must park or stop their vehicle as far to the right-hand side of the road as possible.
• If the person who discharges a firearm is more than 50 yards from the vehicle, the doors on the side of the vehicle nearest the roadway must be closed, but the engine may remain running.
• If the person who discharges a firearm is less than 50 yards from the vehicle, all of the doors of the vehicle must be closed and the engine shall be turned off.
• It is NOT legal to shoot small game and waterfowl that takes flight from rights-of-way over a Federal Refuge or Tribal lands. If a state-licensed hunter shoots at a bird across the fence on either of these lands, the hunter may be subject to federal arrest.
• Small game and waterfowl taken from the rights-of-way but falling onto private property can be retrieved by unarmed hunters on foot.
• No person may discharge a firearm, muzzleloader, crossbow or bow and arrow at any big game animal, except turkey to be taken with a shotgun using shot shells only or a firearm using a rimfire cartridge in the taking of jackrabbits, coyotes, beaver during its hunting season, foxes, raccoons, opossums, badgers, skunks, or rodents;
• A landowner or occupant, 18 years of age or older, and no more than two guests accompanied by the landowner or occupant may use an artificial light and night vision equipment on the owner’s or occupant’s land, with a firearm using a cartridge with a bullet diameter below .225 inches, in the taking of jackrabbits, coyotes, beaver during its hunting season, foxes, raccoons, opossums, badgers, skunks, or rodents; and
• A landowner or occupant, 18 years of age or older, may issue written permission to no more than two guests who may hunt unaccompanied by the landowner or occupant. Any unaccompanied guest may use night vision equipment on the owner’s or occupant’s land, with a firearm using a cartridge with a bullet diameter below .225 inches, in the taking of jackrabbits, coyotes, beaver during its hunting season, foxes, raccoons, opossums, badgers, skunks, or rodents.

Artificial Light

During the time from sunset to sunrise, no person may use or possess night-vision equipment or throw or cast the rays of a spotlight, headlight, or other artificial light on any highway, or in any field, pasture, woodland, forest, or prairie, for the purpose of spotting, locating, taking or attempting to take or hunt any animal while having in possession or control any firearm, bow or other implement whereby any game could be killed. However:
• A person may use a hand held light while on foot, to take raccoons after they have been treed by dogs;
• A landowner or occupant and no more than two guests accompanied by the landowner or occupant may use an artificial light and night vision equipment on the owner’s or occupant’s land, with a shotgun using shot shells only or a firearm using a rimfire cartridge in the taking of jackrabbits, coyotes, beaver during its hunting season, foxes, raccoons, opossums, badgers, skunks, or rodents;
• A landowner or occupant, 18 years of age or older, and no more than two guests accommodated by the landowner or occupant may use night vision equipment on the owner’s or occupant’s land, with a firearm using a cartridge with a bullet diameter below .225 inches, in the taking of jackrabbits, coyotes, beaver during its hunting season, foxes, raccoons, opossums, badgers, skunks, or rodents; and
• A landowner or occupant, 18 years of age or older, may issue written permission to no more than two guests who may hunt unaccompanied by the landowner or occupant. Any unaccompanied guest may use night vision equipment on the owner’s or occupant’s land, with a firearm using a cartridge with a bullet diameter below .225 inches, in the taking of jackrabbits, coyotes, beaver during its hunting season, foxes, raccoons, opossums, badgers, skunks, or rodents.

Night-vision equipment includes thermal imaging equipment and is an optical device utilizing light amplifying circuits that are electrical or battery powered.

Recreational Artificial Light Law

To minimize disturbance to wildlife and rural residents, state law prohibits a person from using an artificial light other than headlights to spot or locate any wild animal between the hours of 10 p.m. and sunrise from Sept. 1 to Jan. 31. During this time frame, a person who has no weapons in possession may only use their vehicle headlights to spot or locate wild animals. Hand-held spotlights and other lights otherwise attached to the vehicle are not legal. The three exceptions to this law are the same as those found under “Artificial Light” above.

Boating Restrictions

Hunters and trappers must follow all state and federal boating regulations when operating boats on public waters in South Dakota. Those using a boat for hunting or trapping purposes should verify they have all required boat equipment on board and their vessel is currently and properly licensed.

The 2019 South Dakota Boating Handbook is available from regional wildlife offices and from county treasurer offices or online at: gfp.sd.gov/pages/regulations.

The following list includes water bodies in South Dakota with boating or boat motor restrictions that may impact hunters and trappers. On waters with motor restrictions, boats with motors exceeding the maximum horsepower can be operated with alternate motors under the maximum horsepower. A complete listing of public water safety zones by county may be found online at: legis.sd.gov.

• Aurora County: Wilmarth Lake, no wake zone.
• Beadle County: Staum Dam, no wake zone.
• Bon Homme County: Lake Henry, no wake zone.
• Brown County: Willow Dam Wildlife Management Area, no motor boats or motor vehicles; Putney Slough Game Production Area, no boating Oct. 20 - Dec. 31 in Secs. 7, 8, 17 and 18 in T124N, R61W.
• Clark County: Reid Lake, no boating Oct. 20 - Dec. 31.
• Codington County: McKilligan Lake, no boating during waterfowl seasons; Horseshoe Lake, no motors during waterfowl seasons; Blythe Slough in portions of Secs. 27 and 28 of T117N, R55W, no boating from March 1 - Aug. 31.
• Custer County: Sylvan and Legion lakes electric motors only; Center Lake, no wake zone.
• Day County: Hillebrand’s and Spring lakes and Swan Pond, no boating; Blue Dog Lake on waters fronting the Lakeside Use Area starting at east property boundary and extending 300 feet west along shore in a no wake zone.
• Deuel County: Lake Oliver, no wake zone.
2019 GENERAL LAWS

• Fall River County: Cold Brook and Cottonwood reservoirs, electric motors only
• Hand County: Wall Lake, no motors during waterfowl seasons.
• Hanson County: Hanson Lake, no wake zone when lake elevation is 12’ or greater over the spillway elevation.
• Hughes County: Hipple Lake west of the buoy, electric motors only.
• Hutchinson County: Silver Lake, no boating during fall and spring waterfowl seasons; Dimock, Tripp and Menno lakes, no wake zone.
• Lake County: Long Lake, no wake zone except during July and August; the water of Sunset Harbor, including the entrance canal, no wake zone.
• Lincoln County: Lake Alvin and Lake Lakota, no wake zone.
• McCook County: The waters of Lehman Game Production Area, in Sec. 32, T103N, R56W, no boating during the Light Goose Conservation Order as well as any open season for migratory waterfowl.
• Meade County: Bear Butte Lake, no wake zone.
• Minnehaha County: Clear Lake, no boating Oct. 20 - Dec. 31.
• Moody County: Lake Campbell, no wake zone south of Moody County Road 1; Battle Creek, no wake zone from Lake Campbell south to the steel bridge one mile south of Moody County Road 2.
• Pennington County: Deerfield Reservoir, no wake zone.
• Roberts County: Secs. 20, 28, 29, 32 and 33 of T128N, R49W of Cottonwood Lake Waterfowl Refuge, no boating zone during waterfowl seasons; and Secs. 11, 12 and 14 of T127N, R48W of Mud Lake, only boats using electric motors during waterfowl seasons.
• Turner County: Swan Lake, no motors on waters south and west of Christian Camp; and the waters at the eastern end of Swan Lake within an area starting at a point along the shoreline approximately 50 feet south of the concrete retaining wall that is located on the north side of the beach on a line to a point 100 feet westerly, then on a line to a point 100 feet southerly, then on a line in an easterly direction back to a point on shore are a no boating zone.
• Yankton County: Marindahl Lake, no wake zone; Lake Yankton, electric motors only on the north/south section lines between Secs. 22 and 23 and Secs. 26 and 27, T106N, R66W, no motors Oct. 20 - Dec. 31.

Civil Damage Liability
Violations of most big game regulations are Class 1 misdemeanors, punishable by fine and/or imprisonment and mandatory loss of hunting privileges for one year. In addition to criminal penalties, a person taking or killing big game illegally may be assessed civil damages in the amount of $100 for each game bird, $200 for each turkey, $1,000 for each non-trophy deer, non-trophy antelope or bobcat, $5,000 for each non-trophy elk, mountain lion or buffalo and $10,000 for each mountain goat or bighorn sheep. Cases involving “trophy” antelope or deer, civil damages will be at least $2,000 and not more than $5,000 for each animal; cases involving “trophy” elk, civil damages will be at least $6,000 and not more than $10,000 for each elk. If a person has taken or is in possession of more than two times the lawful daily or possession limit of a regulated wild animal, such person may be liable for twice the civil damages. In addition, individuals charged with the illegal taking of a trophy big game animal are subject to loss of all preference points for the lottery license drawing.

Closed Areas
The following are illegal:
• Hunting without permission of landowner on legally vacated section lines.
• No person (except the landowner or anyone with landowner permission) may hunt on public waters that inundate private land within 660 feet of livestock, occupied dwelling, churches or schoolhouses.
• Discharging firearms or hunting road rights-of-way within 660 feet of a occupied dwelling, church, schoolhouse, or livestock without written permission from the owner of such property. **NOTE:** Hunters often violate this state law when trees obscure feedlots, livestock, buildings and dwellings. A violation of the 660-foot law carries a one-year suspension of hunting privileges when the distance is clearly and accurately posted.
• Hunting waterfowl within state waterfowl refuges or game birds (including waterfowl) within state game bird refuges except as provided in season regulations.
• Hunting during the waterfowl seasons along Brown County Road 16 adjacent to the Sand Lake National Wildlife Refuge.
• Hunting within any federal refuge, National Park or monument, except as otherwise provided for in season regulations.

Dog Training
No person may kill or capture any wild game birds while training or running a dog except during open seasons. Using pen-raised birds to train dogs is permitted with certain restrictions:
• No person may train dogs on wild game birds from April 15 - July 31 statewide. From Aug. 1 through the Friday preceding the third Saturday in September, a person may train a dog for the purpose of locating, pursuing or pointing wild game birds on publicly-owned land or on road rights-of-way with the following restrictions:
  • No more than four dogs may be trained in any one day. In addition, a person may not use or carry a shotgun or rifle during training.
  • The dog(s) must be owned by the person conducting the training and not offered for sale.
  • The owner of the dog may be assisted in the training if the owner is present.
  • No motor vehicle, horse or any other conveyance may be used.
  • However, persons who otherwise qualify to train dogs on public lands may use a horse for dog training on public lands until noon central time on Fridays, Saturdays and Sundays from the first Friday of August to the first Sunday of September, inclusive, with authorization of the government agency managing the public land.
• For complete rules write to Game, Fish and Parks: 20641 SD Hwy 1806; Fort Pierre, SD 57532.
• The use of dogs is encouraged for hunting on federal U.S. Fish and Wildlife Service Waterfowl Production Areas (WPA). Dogs are allowed for other recreational activities only if confined to a vehicle, boat, ice house or on a leash controlled by the handler. Dog training and dogs roaming freely on WPA are prohibited.

Dog Requirements
Dogs being brought into South Dakota are required to have a certificate from their local veterinarian indicating that they are vaccinated against rabies. A health certificate is not necessary for dogs traveling to this state with their owners for less than 30 days. Dog owners with questions concerning requirements may call the Animal Industry Board at 605.773.3321.

Electronic Calls
The use of electronic calls is prohibited when hunting migratory birds (except for crows and during the spring light goose conservation order) and when hunting big game except for mountain lion. Turkeys are considered big game.

Falconry - General
A person may hunt by falconry in South Dakota if they have been issued a falconry permit by their state of residence and have obtained the appropriate South Dakota hunting licenses. Non-migratory game birds and game animals may be hunted Sept. 1 - March 31. Migratory game birds may be hunted only in accordance with state and federal migratory game bird season regulations for 107 days beginning no earlier than Sept. 1 and ending by Jan. 15. The daily bag limit is three and the possession limit is six of game species in the aggregate. A person may not hunt by falconry and be in possession of a firearm or be accompanied by a person carrying a firearm, except if the person is carrying a pistol and possesses a valid concealed pistol permit. Protected nongame birds and animals taken incidentally by a raptor may not be retained or possessed.

Falconry-Taking or Acquisition of Raptors
No person may take or attempt to take any raptor without first acquiring a raptor collecting permit issued by GFP. Permittees must be in immediate possession of the raptor collecting permit while taking or attempting to take raptors. The fee for a nonresident raptor collecting permit is $200. The trapping of passage raptors (immature raptors in their first year plumage) is permitted only between Aug. 1 - March 31. Only resident general or master falconry permittees may take eyas (young, flightless birds) from a nest or aerie. At least one eyas must be left in the nest or aerie. Eyas may be taken only May 1 - July 31. For additional information, visit gfp.sd.gov/falconry-permit.

Federal Lacey Act
No person may transport or ship to another state fish and wildlife unlawfully taken, possessed or sold in South Dakota.

General Restrictions
No one may:
• Wantonly waste game or destroy any birds or animals protected by the laws of South Dakota.
• Possess a loaded firearm while intoxicated.
• Recklessly discharge a firearm or bow and arrow.
• Use a firearm in the Fort Meade Recreation Area South Unit and the signed portion of the North Unit.
• Take game, except by shooting it with a legal weapon or by birds trained in falconry.
Hunt game birds with a firearm other than a shotgun. Turkeys are classified as big game. Hunt game birds with a shotgun capable of being operated as a full automatic.

Use rifles and handguns, including .22 caliber rimfire firearms, to hunt upland game birds. They may be used for hunting other small game animals such as squirrels and rabbits.

Hunt with air guns, EXCEPT air guns may be used by licensed hunters to take cottontail rabbit, tree squirrel, coyote, fox, skunk, gopher, ground squirrel, chipmunk, jackrabbit, marmot, porcupine, crow and prairie dog; air guns must be factory-rated to produce a muzzle velocity of at least 1,000 feet per second; only hunting pellets are permitted.

Steal, damage or destroy someone else’s trap, snare or animal in a trap.

Gifting Wildlife and Fish
For the purpose of this rule, gift means the voluntary transfer of game/fish from any person to another without fee or consideration. A licensee may gift game and fish to any part of game and fish, to another person if each of the following conditions is met:
- The game/fish was lawfully taken, caught or killed; and
- The number or amount of game/fish gifted does not place the recipient in violation of any season, daily or possession limit established for the species of game/fish being gifted.
- If gifting to an unlicensed person the licensee shall gift the game/fish at the domicile of the recipient.

A wildlife processing facility and a person who uses the facility for processing must provide services to any person for the purpose of hunting any wild animals.

Federal agencies have regulations pertaining to guiding and outfitting in addition to those listed here. Contact the respective agency for more information.

Inspection
Any person who possesses any game bird, animal, or fish shall, upon the request of any person authorized to enforce the law, permit the inspection and count of the birds, animals, or fish. Any motor vehicle, pickup camper, camper, or any conveyance attached thereto, may be stopped for such an inspection and count by any uniformed law enforcement officer.

Motor Vehicle Restrictions
No person may operate motor-propelled vehicles on:
- Lands owned, leased or controlled by GFP except on designated roads and parking areas; and waters that are open to motorized boats (see boating restrictions).
- Federal Waterfowl Production Areas, except on designated parking areas.
- Fort Pierre National Grasslands except on designated roads and trails.

U.S. Forest Service roads posted against travel in the Black Hills.
U.S. Army Corps of Engineers land except on established roads.
On all waters of the Waubay National Wildlife Refuge and Waubay State Game Refuge in Day County, except for designated trails.
Private land without permission from the owner or lessee.

NOTE: Trespass laws apply and landowner permission is necessary to shoot from a road at these species that are on private land.

No person may use a motor vehicle to chase, harass, intercept, pursue or disturb big game, small game or migratory birds.

No person may fire a firearm to protect a motor vehicle or a conveyance attached to it while the vehicle is on a public road during a hunting season. However, a firearm may be used from a motor vehicle when shooting at, coyotes, jackrabbits, rodents, skunks, badgers, raccoons and red and grey fox.

No person may allow a firearm to protrude from a motor vehicle or a conveyance attached to it while the vehicle is on a public road during a hunting season. However, a firearm may be used from a motor vehicle when shooting at, coyotes, jackrabbits, rodents, skunks, badgers, raccoons and red and grey fox.

Party Hunting Daily Limits
Two or more legally licensed hunters who mutually agree to hunt small game as a party and who maintain visual and unaided vocal contact may take more than one daily limit of small game.

However, the total number of small game taken by a party may not exceed the aggregate daily limit for all members of the party who are licensed to take and possess small game.

This does not apply to anyone who hunts small game in more than one party in one day.

This does not apply to any Big Game License or any tag issued as a part of a hunting license nor does this section apply to hunting of migratory birds.

Protected Animals
The following mammals are on the state and/or federal threatened or endangered species lists and are protected: wolf, swift fox, black-footed ferret.
and river otter. No person may kill nongame birds except English (house) sparrows, rock pigeons, Eurasian collared-doves and European starlings. Blackbirds, grackles, crows and magpies may be killed when doing or about to do depredation.

Non-toxic Shot

The use of non-toxic shot is required for all small game/waterfowl hunting on all state game production areas, lake and fishing access areas, state park system areas, U.S. Army Corps of Engineers land, U.S. Bureau of Reclamation Wildlife Production Areas managed by GFP, U.S. Fish and Wildlife Service National Wildlife Refuges, and U.S. Fish and Wildlife Service Waterfowl Production Areas. Lead shot may not be possessed while hunting waterfowl/small game on these areas. GFP encourages hunters to use non-toxic shot for all hunting, but it is not required on U.S. Forest Service National Grasslands, SD School and Public Lands or on most GFP-managed and leased property designated as Walk-In Areas and CREP when hunting small game such as pheasants, grouse or mourning doves.

Those hunting ducks, geese, coots, tundra swan, Sandhill cranes or snipe may not possess lead shot and must use a federally approved non-toxic shot. Approved non-toxic shot includes steel (iron) shot, bismuth-tin, tungsten-polymer, tungsten-matrix, tungsten-fluoropolymer and any combination of tungsten-iron-nickel-tin-copper-bismuth. See also 50 CFR 20.21(j)(1) for the complete listing of federally approved non-toxic shot types.

Coated lead shot does NOT qualify as non-toxic shot.

Turkeys are classified as big game and can be hunted with lead shot.

In addition, target shooting with shotguns using lead shot is prohibited on the following state public lands: State Game Production Areas, lake and fishing access areas, public water access areas, state park system areas and U.S. Army Corps of Engineers Wildlife Production Areas and U.S. Bureau of Reclamation lands managed by GFP. Refer to Tom Roster’s Non-toxic Shot Lethality Table on page 48.

National Parks, Monuments, Memorials

The taking of wildlife is prohibited in Badlands National Park, Jewel Cave National Monument, Mount Rushmore National Memorial and Wind Cave National Park. No person may hunt, trap or discharge a firearm within the boundaries of these units.

If an animal is wounded outside the boundaries of one of these units and enters within the boundaries, the hunter should immediately notify a Park Ranger before tracking or retrieving the animal.

Public Land and Park Restrictions

No person may enter, use or occupy lands owned or leased by GFP if it interferes with the management of the area, the posted purpose for which the land was acquired or if the lands are posted against such entry or use. Camping is only permitted in established campgrounds. Camping is also prohibited on U.S. Fish and Wildlife Service Waterfowl Production Areas (WPA). Campfires are allowed only at designated campsites and in approved fireplaces, stoves or grills on GFP lands. Campfires are not allowed on U.S. Fish and Wildlife Service Waterfowl Production Areas (WPA).

No person may use a motor vehicle for the purposes of hunting, fishing or trapping on any land under the control of SD School and Public Lands, except for roads, trails or parking areas designated and signed by GFP. Hunting is not permitted in standing crops.

Only persons using a state park, state recreation area, state nature area or state lakeside use area for lawful hunting, trapping, fishing, snowmobiling, boating or camping may enter, use, or occupy any of the above areas from 11 p.m. to 6 a.m. Only persons engaged in lawful hunting, trapping, fishing or boating may enter, use, or occupy any of the following areas from 11 p.m. to 6 a.m. year-round: Public Shooting Areas, Game Production Areas, Wildlife Refuges, Lake and Fishing Access Areas, Public Water Access Areas and U.S. Fish and Wildlife Service Waterfowl Production Areas (WPA) operated by the U.S. Fish and Wildlife Service.

A person hunting in a leased controlled waterfowl hunting area may hunt only in designated hunting areas. Hunting in leased shooting zones where blinds have been constructed by GFP must only occur from the constructed blinds. Hunting outside of or between adjacent blinds is prohibited. No person may target shoot on U.S. Fish and Wildlife Service Waterfowl Production Areas (WPA). The Fort Pierre National Grasslands prohibits trap shooting. USFS asks hunters to use non-toxic shot for small game hunting.

Uncased firearms, crossbows and bows are prohibited in all state parks, state recreation areas, state nature areas and state lakeside use areas with the following exceptions: Uncased firearms, crossbows and bows are permitted on designated rifle and archery ranges the year around and may be transported or carried uncased to and from ranges and boat ramps from designated parking areas; and a firearm, air gun, crossbow or bow legally transported in a motor vehicle, trailer camper, or boat pursuant to state law, is considered cased for purposes of this section;

Hunters licensed for Custer State Park hunting seasons may have uncased firearms, crossbows and bows in Custer State Park during the season for which they are licensed;

From September 1 to May 31, inclusive, uncased firearms, air guns, crossbows and bows are authorized for licensed hunters in all lakeside use areas and Shadehill Recreation Area;

From Oct. 1 - April 30, inclusive, uncased firearms, crossbows and bows are authorized for licensed hunters in all state parks, state recreation areas, nature areas and lakeside use areas during established hunting seasons with the following restrictions:

Uncased firearms, crossbows and bows are prohibited year around in all established campgrounds, designated day use areas, and at Beaver Creek Nature Area, Lake Herman State Park, Spring Creek Recreation Area, Spirit Mound Historic Praire, Bear Butte State Park east of Hwy 79, Oahe Downstream Recreation Area except for a hunter who possesses a valid deer license for Unit WRD-58D or a valid turkey license for Unit PST-58B; and in Good Earth State Park and Adams Homestead and Nature Preserve except for a resident hunter who possesses a valid archery spring turkey or archery deer license and an access permit;

Only bows are permitted in Big Sioux State Recreation Area, the Forest Drive Unit of Richardson Lake State Recreation Area, Palisades State Park, LaFramboise Island Nature Area, Chief White Crane Recreation Area, Clay County Recreation Area and the mouth of Spearfish Canyon; Only shotguns using shot shells, crossbows and bows are permitted in West Whitlock State Recreation Area, West Pikerel Recreation Area, Mina Recreation Area, Okobojo Recreation Area, Farm Island Recreation Area, Angostura Recreation Area, Cow Creek State Recreation Area, Oakwood Lake State Park and those portions of North Point State Recreation Area which are situated to the west of 381st Street and north of 297th Ave., and situated west of 382nd Ave. and north of 297th Street, and situated south of 297th Street and west of Prairie Dog Bay;

Only shotguns using shot shells, crossbows and bows for the wild turkey hunting seasons and bows for archery deer and archery wild turkey hunting seasons are permitted in that portion of Newton Hills State Park which is situated to the west of County Road 135 and north of County Road 140; A person who possesses a valid turkey license for Unit PST-48 is permitted to have an uncased shotgun using shot shells, a crossbow, a bow, or a muzzleloading shotgun within the boundary of Sica Hollow State Park to the eighth day before Memorial Day, inclusive;

Uncased .22 caliber rimfire firearms are prohibited on all state park and recreation area lands and on the George S. Mickelson Trail the year around. However, uncased .22 caliber rimfire firearms are permitted within North Point Recreation Area and Oahe Downstream Recreation Area year-round on rifle ranges designated by the GFP.

The discharge of firearms or bows on or across the George S. Mickelson Trail rights-of-way is prohibited.

Uncased firearms are prohibited on:

• The East Pelican Lake Access Area in Codington Co.
• That portion of the Beilage Game Production Area north of Christiansen Drive located in Sec. 24 and 25, T26N, R2E, in Lawrence Co.
• Hazel’s Haven Fishing Access Area in Moody Co.
• That portion of the Marcotte Game Production Area in Sec. 16, T5N, R5E, in Meade Co.
• Kelley’s Cove Fishing Access Area in Yankton Co.
• The Hwy 38/James River Fishing Access Area in Davison Co.
• The New Underwood Lake Access Area in Pennington Co. except any licensed hunter while lawfully engaged in hunting.
• The Rollings Game Production Area in Lincoln Co. except any licensed hunter, using a shotgun with shot shells only, while hunting small game or wild turkey and persons using the shooting range when open.
• The Lake Henry Fishing Access Area in Bon Homme County except any licensed hunter, using a shotgun with shot shells only, while hunting small game or turkey.
• Only shotguns using shot shells, crossbows, and bow and arrow are permitted on lands owned and operated by the Otter Tail Power Company and leased as a Game Production Area in Grant County and the Lake Andes units Game Production Areas in Charles Mix County. Centerfire rifles are prohibited on the Lechtenberg Game Production Area in Hand
2019 GENERAL LAWS

County and on the Cottonwood Lake Hatchery
Game Bird Refuge in Spink County.

No person may use any firearm on the Fort
Meade Recreation Area South Unit and the signed
portion of the North Unit.

No person may discharge a weapon across
or from a National Forest System road or into a
cave or within 150 yards of a residence, building,
campsite or recreation area (Pactola, Sheridan,
Deerfield, etc.).

NOTE: A person who possesses a valid
concealed pistol permit may carry a concealed
pistol at any time.

No person may ride or allow horses on land
owned, leased or controlled by GFP except on
designated bridle trails or equestrian areas. During
established seasons, licensed deer hunters may
use horses on state Game Production Areas
along the Missouri River, and licensed deer and
elk hunters or anyone assisting in the removal of
legally tagged deer and elk may use horses on the
Battle Mountain/Friendshuh GPA in Fall River and
Custer counties. Horses are prohibited on U.S.
Fish and Wildlife Service Waterfowl Production
Areas (WP) and National Wildlife Refuges.

A person may not destroy, damage or remove a
living or dead tree, shrub or vegetation; disturb any
earth, rocks, minerals, natural formations or cultural
resources, or destroy, damage or remove skulls,
or other parts of animal carcass located on lands
owned or leased by GFP without written permission
from the secretary or a designated agent.

Shed antler hunting is allowed on GFP
owned lands, including state parks, recreation
areas and Game Production Areas. However,
permission from the landowner is required for
shooting on Walk-In Areas, CREP, CHAP, or
other privately-owned lands leased by GFP for
public hunting. Regulations differ for lands owned
by other state or federal agencies. Contact the
respective agency for more information.

If you are planning a trip for hunting or other
recreation on National Forest and Grasslands
in South Dakota please contact a U.S. Forest
Service Office for information on use of these
public areas, road closures and recreation fees
that might apply in certain areas.

Railroad Rights-of-Way

Railroad rights-of-way are not considered to be
the same as road rights-of-way for purposes of
hunting. Some rail lines expressly prohibit hunting
on their owned or leased railroad rights-of-way.

Those routes include:

### Rapid City, Pierre and Eastern Railroad
- Belle Fourche to Nebraska border at Wayside
  following Hwy 34 and 79
- Rapid City to South Dakota border at Elkton
  following Hwy 14
- Blunt to Onida following Hwy 83
- Huron to Yale north of Hwy 14
- All crossings are marked RCP&E

### Burlington Northern/Santa Fe
- White Butte - Mobridge - Aberdeen - Milbank
  - Onorville
- Aberdeen - Mitchell - Yankton - Vermillion -
  Elk Point - North Sioux City
- Mitchell - Parker - Canton
- Canton - Sioux Falls - Colton - Wentworth -
  Madison
- Sioux Falls - Garretson - Sherman
- Dewey - Edgemont - Provo - Ardmore
- Dakota-Southern (not open during
  the resident-only pheasant season)
- No big game hunting allowed (firearm or archery) on all
  Dakota Southern.
- Mitchell to U.S. Hwy 83 (West of Vivian) -
  closed to hunting.
- U.S. Hwy 83 to Kadoka - open to small game
  hunting.
- Napa (Yankton County Road 211) to the City
  of Ravina - open to small game hunting.
- Other rail lines exercise varying degrees
  of control over the uses of the rail lines they
  operate, including restrictions on public hunting.
- Abandoned rail lines may have reverted to
  private ownership to the adjoining landowner.
- Unless permission has been obtained from the
  rail line operating the particular stretch of track or
  permission has been obtained from the adjoining
  landowner of property in the case of abandoned
  rail lines, railroad rights-of-way should not be
  considered open for hunting.

### Road-Killed Big Game

An unfortunate by-product of wild free-ranging
big game animals is vehicle-wildlife accidents.
If an accident occurs between a motor vehicle
and a deer or other big game, the accident
must be reported to law enforcement if there is
significant damage to the vehicle. In accordance
with state law, before any individual can possess
a big game animal killed by a motor vehicle that
individual must obtain authorization from a GFP
conservation officer prior to taking possession.
Taking carcasses or any part of a big game
animal, including the antlers, without authorization
is illegal.

### Sale/Use of Wildlife

No person may sell or barter game birds or
animals except for skin, head or bone-hard antlers
of big game; skin or plumage of pheasants, sharp-
tailed grouse, prairie chickens or grey partridge;
turkey feathers; skins of cottontail rabbit, fox
squirrel, grey squirrel and red squirrel that have
been lawfully taken by a licensed hunter, and legal
furbearers.

No person may wantonly waste game.

### Trespass

No person may hunt or trap any species of
game, including unprotected species, on private
land without permission from the owner or lessee
except in that part of the Black Hills Fire Protection
District south of Interstate 90. In that area, no
person may enter private land to hunt if the land is
posted or if told by the owner or lessee not to do
so. The Black Hills Forest Fire Protection District
is as follows: Commencing at a point on the WY-SD
state line at the junction of I-90 at the state line;
then east and southeast along I-90 via Rapid City
to the intersection of U.S. Hwy 16B; then south and
southwest along U.S. Hwy 16B to the intersection
of SD Hwy 79; then south along SD Hwy 79 to
the intersection of U.S. Hwy 18; then south along
U.S. Hwy 18 to the Cheyenne River; then west
and northwest along the Cheyenne River to the
WY-SD state line; then north along said state line
to the place of beginning. The Black Hills Forest Fire
Protection District does not include any area within
the limits of any municipality.

If a person is convicted of knowingly
trespassing, the person’s applicable hunting or
trapping privilege shall be revoked for one year.

### Unarmed Retrieval

Hunters may retrieve lawfully taken small game
without permission from private or public land
(except National Wildlife Refuges closed to such
entry) if they are unarmed and retrieve on foot.

Permission is needed to retrieve big game,
including turkeys.

To be lawfully taken from road rights-of-way,
the hunter must be within the rights-of-way boundaries
when shooting and the small game must originate
from or be flying over the road rights-of-way.

#### Be Respectful of Road Conditions

Driving roads during wet weather and leaving the traveled road in bad condition may hinder relationships
between hunters and landowners. Landowners have expressed their concern about road conditions
during the hunting seasons. When roads are traveled during wet periods ruts are developed and once
frozen, can be extremely difficult to drive farm equipment down to access crop fields. Please respect
these important roads. If you notice your vehicle leaving ruts, make the right decision; back out of the
soft area, park and walk to your desired location.
Chronic Wasting Disease (CWD) is a fatal disease of the central nervous system caused by an abnormal protein called a prion and is found in both captive and free-ranging deer and elk.

Counties Where CWD Has Been Detected in Free-Ranging Deer and Elk

CWD has been detected within free-ranging deer in the Black Hills (Firearm Units BH1 BD1 and BD2), Custer State Park and Prairie Units 02C, 21A, 21B, 27A, 27B and 27L AND within free-ranging elk in the Black Hills (Firearm Units H2, H3, H4, H5, H7 and H9), and Custer State Park.

Visit gfp.sd.gov/chronic-wasting-disease to learn more about CWD, best management practices for carcass transportation and disposal, other preventative measures and how hunters can assist with CWD surveillance efforts.

South Dakota Department of Game, Fish and Parks recently finalized a CWD Action Plan and the Commission is currently working on new regulations to reduce the spread of CWD to new areas of the state. Any new regulations will not go into effect until the 2020 hunting seasons, but hunters can be proactive now by implementing best management practices.
The South Dakota Sportsmen Against Hunger (SAH) program was established in 1993 to provide hunters with an easier way to share their success with those who are not as fortunate. South Dakota sportsmen and women have continued to make a difference by sharing the meat from big game and game birds. Hunters may help offset costs of this program by making tax-deductible cash donations to SAH through use a check-off provision on the online and paper applications for hunting licenses. Individuals may also use the “Donate” link on the SAH website or make check or money orders to “South Dakota Sportsmen Against Hunger” and send them to South Dakota Sportsmen Against Hunger, P.O. Box 1172, Pierre, SD 57501. Call 1.800.456.2758 or visit feedtheneed4sd.com to learn more about the program.

### Chronic Wasting Disease

Chronic Wasting Disease (CWD) is a fatal disease of the central nervous system found in both captive and free-ranging deer and elk. The South Dakota Department of Game, Fish and Parks (GFP) has been conducting surveillance for CWD since 1997 in an effort to determine disease presence and prevalence across the state. CWD was first detected in South Dakota in 2004 in a free-ranging deer and elk in Custer, Fall River, Lawrence and Pennington counties.

The goal of surveillance strategies in South Dakota is to determine the likely spread of CWD to new units where the disease has not been detected in wild, free-ranging deer and elk. All successful deer and elk hunters in Custer State Park are required to submit samples for CWD testing. Other hunters in South Dakota who would like to get their deer or elk tested for CWD can voluntarily submit a sample for testing. As a voluntary submission, hunters will be responsible for the cost of shipping and any professional sample collection costs unless the hunter delivers a sample to a GFP Office or sample collection area. GFP will pay for the testing cost of the sample at South Dakota State University Animal Disease and Research Diagnostics Lab (SDSU ADRDL). Results will be sent to both the hunter and GFP. These results will supplement GFP’s surveillance effort across the state.

The process for collecting samples from a harvested deer or elk and how to properly submit to SDSU ADRDL can be found at gfp.sd.gov/cwd-testing. More detailed information on hunter submissions for CWD testing will be mailed to successful applicants in priority surveillance units prior to the start of the year. All elk and deer hunting seasons. For additional information on the CWD surveillance program, visit gfp.sd.gov/chronic-wasting-disease or contact the GFP Regional Office in Rapid City at 605.394.2391.

Hunters can serve a critical role with surveillance efforts and reducing the spread of CWD. To learn more about CWD and how hunters can be proactive by implementing best management practices, please visit gfp.sd.gov/chronic-wasting-disease.

### Plague in Wildlife

Plague is an infectious disease of humans and wildlife caused by the bacterium Yersinia pestis. It is generally contracted through the bite of a flea carrying the bacterium or less commonly by handling or ingesting meat from an animal infected with the disease. Typically rodents, carnivores and rabbits are species most likely to become infected. Species with high mortality rates include cats (wild and domestic), marmots, prairie dogs, rabbits, squirrels and wood rats. Dogs (wild and domestic), most mustelids (skunks, weasels, etc.) and some species of rodents have high resistance to the disease. Free-roaming pets that interact with infected wild animal populations can also carry plague-infected fleas.

From 1994-2012, plague-positive animal or flea samples have been taken from Bennett, Custer, Dewey, Fall River, Jackson, Lyman, Mellette, Pennington, Shannon and Stanley counties. Plague likely extends through the basin of the Black Hills to the west of the Missouri River. Presence of plague does not indicate an outbreak is occurring. Plague can cause severe illness or death. Antibiotic treatment is effective against plague if the infected person is treated promptly. There have been NO documented human cases of plague in South Dakota. Human patients generally have a history of exposure in rural areas. Avoid fleas and interacting with pets that may have had exposure to plague. For more information about plague in humans visit the Department of Health (doh.sd.gov) or Centers for Disease Control websites (cdc.gov).

### 2019 Public Hunting Areas

Please remember some of these lands are privately owned and your actions while hunting them can determine if they are open to public hunting in the future.

#### Game Production Areas (GPA)

Game Production Areas are public lands owned by the Department of Game, Fish and Parks for the benefit of all wildlife species. These lands are purchased with money from the sale of hunting licenses and Federal Aid money provided by a tax on hunting equipment sales. These areas are open to public hunting, fishing, and trapping. South Dakota has approximately 730 Game Production Areas, totaling more than 281,000 acres. The property taxes are paid annually by GFP.

Non-toxic shot required for waterfowl and small game.

#### Walk-In Areas (WIA)

Walk-In Areas are lands owned by private individuals as working farms and ranches that are leased for public hunting access only by the South Dakota Department of Game, Fish and Parks. Landowner permission is required for fishing and trapping. Money from the sale of hunting licenses and Federal Aid money from a tax on hunting equipment sales is used to pay the leases. Non permission is needed to hunt these areas and there is no driving on these areas except on designated trails which are marked with signs. There are over 1.2 million acres in the Walk-In Area program.

Non-toxic shot required for waterfowl.

#### Controlled Hunting Access Program (CHAP)

CHAP areas are lands owned by private individuals as working farms and ranches that are leased for public hunting access only by the South Dakota Department of Game, Fish and Parks. Money from the sale of hunting licenses and Federal Aid money from a tax on hunting equipment sales is used to pay the leases. Permission is needed to hunt these areas and can be received via self-check-in boxes, on-line reservations, or by directly contacting the landowner. Landowner permission is required for fishing and trapping. See the Public Hunting Atlas for more details. There is no driving on these areas except on designated trails which are marked with signs.

Non-toxic shot required for waterfowl.

#### Elk Hunting Access Program (EHAP)

EHAP was developed to help address depredation complaints on private land and to increase hunter success. EHAP areas are lands owned by private individuals that are leased for public elk hunting access by the South Dakota Department of Game, Fish and Parks. Money from the sale of hunting licenses is used to pay the leases. There is no driving on these areas. Permission is needed to hunt these areas and can be received by directly contacting the landowner. Contact the GFP office in Rapid City at 605.394.2391 to learn how to access these areas.

#### Conservation Reserve Enhancement Program (CREP)

Lands in CREP are open year round to public hunting and fishing access. Landowner permission is required for trapping. CREP lands are owned by private individuals who have enrolled them in the Conservation Reserve Program (CRP) and signed a lease agreement with South Dakota Department of Game, Fish and Parks to provide public hunting and fishing access and target habitat in the James River Watershed. These lands were enrolled in the program starting at various times between 2010 and 2013 and will be in CREP for 10 to 15 years. Most of these areas have excellent wildlife habitat established. Over 80,000 acres of CREP will be open to public hunting this fall.

Non-toxic shot required for waterfowl.

#### Waterfowl Production Areas (WPA)

Waterfowl production areas are owned by the United States Fish and Wildlife Service. These areas open to public hunting and trapping and are managed for the production of waterfowl, but provide habitat for other wildlife as well. There are 1,000 WPAs in South Dakota, totaling nearly 150,000 acres.

Non-toxic shot required for waterfowl and small game.

#### Other Public Areas

Game, Fish and Parks also manages Water Access Areas, State Game Refuges, State Game Bird Refuges, State Waterfowl Refuges, Lakeside Use Areas, State Recreation Areas and State Parks. These areas are regulated and may or may not provide public hunting. Other agencies with public hunting lands in South Dakota include the SD Office of School and Public Lands, U.S. Forest Service, the Army Corps of Engineers, the Bureau of Land Management and the Bureau of Reclamation.
2019 STATE GAME REFUGES

GAME REFUGE - No hunting or trapping of any species.
GAME BIRD REFUGE - No hunting of game birds, including waterfowl. Big game hunting and trapping are allowed.
WATERFOWL REFUGE - No waterfowl hunting. Big game and small game hunting and trapping are allowed.

Brown County
Renziehausen Slough - Game Bird Refuge

Brule County
Jorgenson - Game Refuge

Clark County
Reid Lake - Waterfowl Refuge
Antelope Lake - Waterfowl Refuge

Day County
Waubay - Game Bird Refuge

Edmunds County
Scatterwood Lake - Waterfowl Refuge

Faulk County
Gerken - Game Bird Refuge
Scatterwood Lake - Waterfowl Refuge

Grant County
Eye - Game Refuge
Lake Albert - Waterfowl Refuge
Big Stone Power Plant - Waterfowl Refuge

Hand County
Wall Lake - Game Bird Refuge

Hughes County
LaRamboe Island - Game Bird Refuge (No Firearms)

Hutchinson County
Silver Lake - Waterfowl Refuge

Marshall County
White Lake - Game Bird Refuge

Perkins County
Shadehill - Waterfowl Refuge

Roberts County
Cottonwood Lake - Waterfowl Refuge
Bullhead Lake - Waterfowl Refuge

Spink County
Cottonwood Lake - Waterfowl Refuge
Cottonwood Hatchery - Game Bird Refuge

Yankton County
Kelly’s Cove - Game Refuge

MISSOURI RIVER RESERVOIR REFUGES

Refuge boundaries are posted with signs.
Missouri River refuges are shown in the Hunting Atlas.

Lake Oahe
Blue Blanket Waterfowl Refuge
Swan Creek Waterfowl Refuge
Latin Draw Waterfowl Refuge
Whitlock Bay Waterfowl Refuge
Sutton Waterfowl Refuge
Sutton Bottom Waterfowl Refuge
Baker’s Gulch Waterfowl Refuge
Mail Shack Waterfowl Refuge
Okoboji Creek Waterfowl Refuge
Spring Creek Waterfowl Refuge
Peoria Flats Waterfowl Refuge
Oahe Dam Waterfowl Refuge

Lake Sharpe
Oahe Dam Waterfowl Refuge
DeGrey Waterfowl Refuge
Joe Creek Waterfowl Refuge
Big Bend Dam Waterfowl Refuge

Lake Francis Case
Chamberlain Waterfowl Refuge
Chamberlain North Waterfowl Refuge
Big Bend Dam Waterfowl Refuge
Whetstone Waterfowl Refuge
White Swan Waterfowl Refuge
Fort Randall Dam Waterfowl Refuge

Lake Lewis and Clark
Fort Randall Dam Tailwaters Reservoir

Refuges on Lake Oahe and Lake Sharpe, except those including Oahe Dam and Big Bend Dam, are closed to waterfowl hunting from the opening day of the earliest waterfowl season through the last day of the Canada goose season and are open to duck hunting after that date if that season is still open.

All state waterfowl refuges are open during the Light Goose Conservation Order in the spring, except for Silver Lake and refuges that encompass Oahe Dam, Big Bend Dam and Fort Randall Dam. Waterfowl hunters should also read the section on “Boating Restrictions” in this handbook.

2019 South Dakota Hunting Handbook

Maps for Hunters

Maps are available to assist hunters when hunting and navigating public lands across South Dakota. For additional information on the maps listed below or to have any one of them mailed to you, contact the represented agency or view them online, if available.

South Dakota Hunting Atlas
This free booklet contains a series of detailed maps showing private land in South Dakota that has been leased for public hunting by GFP as Walk-In Areas. The maps also show other public hunting areas. Map availability at GFP offices, from the GFP website gfp.sd.gov; by email request from wildinfo@state.sd.us; phone request from 605.223.7660, or by writing Game, Fish and Parks Information Office, 20641 SD Hwy 1806, Fort Pierre, SD 57532.

South Dakota Hunting Map for GPS
SD Hunting Atlas Map information is available for download into GPS devices at: gfp.sd.gov/hunting-areas

South Dakota School and Public Lands
Shows state school and public lands throughout the state. Index is available online at sdpubliclands.com or by calling Office of School and Public Lands, 605.773.3303. There is a cost for each map.

Buffalo Gap National Grasslands
Color map of the National Grasslands and Badlands National Park in southwestern South Dakota. Write: U.S. Forest Service, 125 North Main Street, Chadron, NE 69337; or call 308.432.0300, Check with the Forest Service for map cost and postage; or visit nationalforeststore.com.

Black Hills National Forest
Color map of the Black Hills showing roads, trails and public land ownership. Write: U.S. Forest Service, 1019 N. 5th St., Custer, SD 57730; call 605.673.9200; or visit nationalforeststore.com. Check with the Forest Service for map cost and postage. To order a map using a credit card, call 605.745.7020.

Fort Pierre National Grasslands
Color map of the National Grasslands in central South Dakota. Write: U.S. Forest Service, 1020 N. Deadwood Ave., Ft. Pierre, SD 57532; call 605.224.5517; or visit the website at nationalforeststore.com. Check with the Forest Service for cost and postage.

Grand River and Cedar River National Grasslands
Color map of National Grasslands in northwestern South Dakota. Write: Dakota Prairie Grasslands, 240 West Century Ave., Bismarck, ND 58503; call 701.250.4443; or visit nationalforeststore.com. Check with the Forest Service for cost and postage.

Custer National Forest
Color map including Cave Hills, Slim Buttes, Long Pines and Short Pines in northwestern South Dakota, as well as Custer National Forest in Montana. Write: U.S. Forest Service, 1310 Main St., Billings, MT 59105; call 406.657.6200; or visit nationalforeststore.com. Check with the Forest Service for map cost and postage.

BLM Surface Management Quad
Shows public land in extreme western and northwestern South Dakota. Free index available. Write: Bureau of Land Management, Field Office, 310 Roundup Street, Belle Fourche, SD 57717; call 605.892.7000. Prices vary with size of the maps.

U.S. Bureau of Reclamation Lands
Information regarding land managed by the U.S. Bureau of Reclamation can be requested from: U.S. Bureau of Reclamation, Dakota Area Office, Rapid City Field Office Room 101, 515 9th St., Rapid City, SD 57701; or call 605.394.9757.

Missouri River Boating and Recreation Guide Maps
Includes water area and government lands on the mainstem reservoirs of the Missouri River. Maps for lakes Lewis and Clark, Francis Case, Sharpe and Oahe can be ordered from: Dept. of the U.S. Army Corps of Engineers - Omaha District, Operations Division - CEMRO-OP-N, 106 South 15th St., Omaha, NE 68102-1618; or call 402.221.4139. Contact the Corps for map costs and postage.
Identifying ducks in the field is important. It is necessary for hunters to be able to identify ducks by sex and species so bag limits are not exceeded. The following are the most common ducks waterfowl hunters will encounter in South Dakota’s marshes and fields. There are two views of male plumage.

Males molt in the summer and many resemble hens. Coloration gradually changes from hen-like to a blochy, partial coloration in early fall and finally to full winter plumage. Young of the year males also evolve through these stages.

**Canvasback**

LARGE DUCK
UP TO 3 POUNDS.
18-21 INCHES LONG

Apprentice Deer

- The apprentice deer license is for an “any antlerless deer” tag that is valid statewide.

- Apprentice deer licenses are available to residents and nonresidents who will reach 12 years of age by December 31 and have not reached the age of 18 by June 30.

- Residents who are 18 years of age or older by June 30 can receive an apprentice license as long as they have not held any deer license in South Dakota in the previous 10 years.

- Nonresidents who are older than 18 years of age by June 30 are not eligible for apprentice licenses.

- Youth hunters under age 16, are required to physically possess hunter education certification in the field.

- Adult (at least 18 years old) must be unarmed unless the adult has a Big Game License valid for the same geographic area and time of year as the apprentice deer licensees.

- Adult can accompany multiple apprentice deer hunters.

Resident Big Game Mentored Program Deer, Antelope, Turkey

- Dependents of residents only.

- Mentored hunter who, at the time of going hunting, is under 16 years old.

- Mentored deer licensees are eligible for other deer licenses except the Apprentice Deer License.

- Mentored hunter must be accompanied by an unarmed* parent, guardian or designated mentor within immediate control (arm’s length) and supervision of the adult.

- Mentors must physically possess hunter education certification and the license intended for their specific mentored hunter for the respective season.

- Mentors who are not the parent or guardian of the mentored hunter must also possess written permission from the parent or guardian of the hunter.

- Adult can only accompany one mentored hunter at a time.

- Hunting parties with mentored hunters cannot exceed six persons.

To learn more about mentored big game hunting and apprentice deer hunting, visit gfp.gov and search “mentor hunt.”

*Adult may carry and possess a pistol provided they have a valid concealed pistol permit.

### Youth Small Game

- A parent/guardian must accompany the youth when obtaining the Youth Small Game License or Jr. Combination License.
- Adult (at least 18) accompanying the youth hunter is not required to have hunter education certification.
- Youth under 16 (under 18 for youth pheasant season) must be accompanied (unaided visual and vocal contact) by a parent, guardian or responsible adult (at least 18 years old).
- Youth hunters under age 16, are required to possess hunter education certification in the field.
- Game taken by a licensed youth hunter does not count toward the adult's daily limit unless party hunting for small game.
- Youth hunters, under age 16, are required to possess hunter education certification in the field.
- Game taken by a licensed youth hunter does not count toward the adult's daily limit unless party hunting for small game.
- The combined number of animals taken or possessed by the youth hunter and accompanying adult may not exceed the number of animals authorized under licenses held by hunters.
- An adult can accompany multiple youth small game or jr. combination hunters.
- A person who has not reached age 18 is eligible to hunt in the youth pheasant season.

1. If the youth acquires a Small Game License before turning 16, the license is valid through Jan. 31, 2019.
2. Mentors must be properly licensed for small game hunting and possess hunter education certification on their person while mentoring a youth who is small game hunting. Mentors who are not the parent or guardian of the mentored hunter must be a resident, at least 18 years old, and possess written permission from the parent or guardian of the hunter.
3. If the youth acquires a junior combination license before turning 19, the license is valid through Jan. 31, 2019.
4. If the youth has not reached age 18, they are eligible to hunt in the youth pheasant season.

### Resident Small Game Mentored Program

- Dependsents of residents only.
- Mentored hunter who, at the time of going hunting, is under 16 years old.
- Mentored hunter is not required to possess hunter education certification.
- The mentored hunter can hunt during the youth small game or other small game seasons but the mentored hunting rules for accompaniment must be followed anytime a mentored hunter is hunting:
  - A mentored youth hunter must be accompanied by an unarmed** parent, guardian or designated mentor within immediate control (arm's length) and supervision of the adult.
  - Game taken by a licensed youth hunter counts toward the mentor's daily limit.
  - The combined number of animals taken or possessed by the mentored hunter and the mentor may not exceed the number of animals authorized under the license held by the adult mentor.
  - Adult mentor can only accompany one mentored hunter at a time.
  - Hunting parties with mentored hunters cannot exceed six persons.

**Adult may carry and possess a pistol provided they have a valid concealed pistol permit.

1. Youth who have not reached age 16 by the first day of the youth waterfowl season may hunt waterfowl during the youth waterfowl season.

2. Mentors must be properly licensed for waterfowl hunting and possess hunter education certification on their person while mentoring a youth who is waterfowl hunting. Mentors who are not the parent or guardian of the mentored hunter must be a resident, at least 18 years old, and possess written permission from the parent or guardian of the hunter.

3. If the resident youth acquires a Small Game License before turning 16, the license is valid through Jan. 31, 2019.

4. If the resident youth acquires a Junior Combination License before turning 19, the license is valid through Jan. 31, 2019.

Resident Waterfowl Mentored Program

- Dependents of residents only.
- Mentored hunter who, at the time of going hunting, is under 16 years old.
  - Mentored hunter is not required to possess hunter education certification.
- The mentored hunter can hunt during the youth waterfowl or regular waterfowl seasons but the mentored hunting rules for accompaniment must be followed anytime a mentored hunter is hunting:
  - The mentor shall be properly licensed to hunt waterfowl in South Dakota.
  - A mentored youth hunter must be accompanied by an unarmed parent, guardian or designated mentor within immediate control (arm’s length) and supervision of the adult.
  - Game taken by a mentor counts toward the mentor’s daily limit.
  - The combined number of animals taken or possessed by the mentored hunter and the hunting mentor may not exceed the number of animals authorized under licenses held by waterfowl hunters.
  - Adult can accompany multiple youth waterfowl hunters.

Resident Waterfowl

- Nonresident Fall Waterfowl Licenses by application only.
- Youth hunters under age 16, are required to possess hunter education certification in the field.
- A parent/guardian must accompany the youth when obtaining the Youth Small Game License or Jr. Combination License and State Migratory Bird Certification (residents only).
- Federal Waterfowl Stamp is required for any hunters age 16 and older.
- Youth under 16, must be accompanied (unaided visual and vocal contact) by a parent, guardian or responsible adult (at least 18 years old).
- The combined number of animals taken or possessed by the youth hunter and accompanying adult may not exceed the number of animals authorized under licenses held by waterfowl hunters.
- Adult can accompany multiple youth waterfowl hunters.

**Adult may carry and possess a pistol provided they have a valid concealed pistol permit.
THE FUTURE OF CONSERVATION THROUGH MENTORSHIP

Share your passion for the outdoors and extend your knowledge in the field to a new audience. Take a friend, a coworker or a neighbor hunting. Invite someone new fishing. Take the time and take the field! For more information, visit gfp.sd.gov/pages/engage-in-mentorship

SUNRISE/SUNSET SCHEDULE
GAME, FISH AND PARKS
SUPPORT THE WORK OF
Hunting, fishing and parks are central to the lives of many South Dakotans and are the core activities that the Game, Fish and Parks’ Foundations support.

THE SOUTH DAKOTA PARKS AND WILDLIFE FOUNDATION (SDPWF) works exclusively with the South Dakota Game, Fish and Parks (GFP) to acquire and manage wildlife production lands, provide outdoor educational opportunities like those found at the Outdoor Campuses in Rapid City and Sioux Falls, and help support and develop state parks and recreation areas throughout South Dakota.

In partnering with GFP, SDPWF brings private funds to public projects. Your donation can help support the efforts to preserve and enhance South Dakota’s rich outdoor heritage. For a minimum contribution of $25, Friends of Parks and Wildlife receive a complimentary annual state park entrance license.

SDPWF is currently seeking gifts for expansion and development of Palisades State Park!

THE SECOND CENTURY HABITAT FUND (Fund) is a private, nonprofit organization that works to improve wildlife habitat and water quality in South Dakota.

The Fund works in collaboration with non-government conservation partners and government agencies. Fund projects cover the following topics:

- Provide incentive payments or cost-share assistance to directly implement habitat or promote conservation practices on “working lands” such as crop rotations, cover crops, grazing management, and prairie restoration for grazing and wildlife.
- Projects that improve or create pollinator habitat on public and private lands while providing quality habitat for upland birds.
- Assist landowners in identifying acres which over the long-term do not meet economic minimums and could be better suited as wildlife habitat by utilizing “precision farming” technologies.
- Provide supplemental incentives for enhanced activities of the Environmental Quality Incentive Program (EQIP) for improving habitat quality on private lands.
- Projects that address soil health and water quality issues in an agricultural landscape while creating wildlife habitat.
