HUNT THE GREATEST IN SOUTH DAKOTA

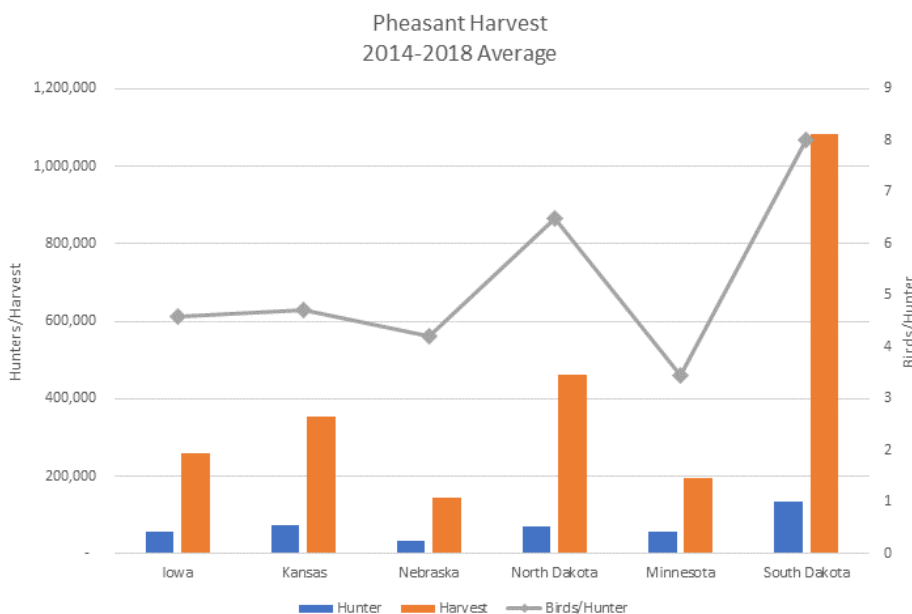

With rolling hills and endless prairies, South Dakota is home to the best pheasant hunting in the country. With abundant public land hunting opportunities, hunters have access to some of the greatest spots to chase birds. Whether that's the greatest land, birds or with the greatest people, South Dakota is the place to go pheasant hunting. Always has been, always will be.

SOUTH DAKOTA PHEASANT HUNTING THERE'S NO PLACE LIKE IT.

There is no place to harvest pheasants quite like South Dakota. According to annual pheasant harvest information, South Dakota routinely comes in head and shoulders above the rest of the region. Even on a "down" year, pheasant harvest is consistently double, if not triple surrounding pheasant hunting states.
