LANDOWNER PERMISSION REQUIRED

Permission is required to hunt private land in South Dakota. Every year Game, Fish and Parks receives complaints from hunters who drew a license and couldn't obtain permission to hunt private land once the season opened. Do not apply just because licenses are available. Have permission to hunt before you apply. If you don't receive permission before you apply, you may not be able to obtain permission during the season.

APPLY ONLINE: gfp.sd.gov

Visit gfp.sd.gov, click "Licenses," and then "Purchase License." From there, the system walks you through step by step. If you do not already have an account, you will be required to create one. You will begin by selecting a season to apply for and your first-choice hunting unit. Please note that you are required to provide a credit or debit card number to finish the transaction. Upon completion and submission of your application, you are then placed directly into the drawing for the unit you selected. Preference points are automatically included if you had any from previous years.

NOTE: All applications must be submitted [online](#).

APPLICATION REQUIREMENTS

Drawing Statistics: Past drawing information is available at gfp.sd.gov. The 2024 season information will be available once the drawing is complete.

Residency

To apply for a resident license, a person must:

- Have a domicile (a person's established, fixed, and permanent home to which the person, whenever absent, has the present intention of returning) within South Dakota for at least 90 consecutive days immediately preceding the date of application for purchasing, or attempting to purchase any hunting, fishing, or trapping license/permit, and;
- Make no claim of residency in any other state or foreign country for any purpose;
- Claim no resident hunting, fishing, or trapping privileges in any other state or foreign country;
- Prior to any application for any license, transfer to South Dakota the person's driver's license and motor vehicle registrations.

EXCEPTION: The following persons are eligible for resident licenses:

- Any person who previously had a domicile in South Dakota who is absent due to business of the United States or South Dakota, or is serving in the armed forces of the US or the spouse of an active duty military person;
- Any person who previously had a domicile in this state who is absent due to regular attendance at a post-high school institution as a full-time student or in a medical or dental residency program;
- Any person in the active military of the U.S. or that person's spouse who is continuously stationed in South Dakota;
- Any patient in any war veterans' hospital within South Dakota;
- Any employee of the veterans' administration or any veterans' hospital in South Dakota;
- Any person residing on restricted military reservations in South Dakota;
- Any person attending regularly a post-high school institution in South Dakota as a full-time student for 30 days or more immediately preceding the application;
- Any foreign exchange student over 16 years of age attending a public or private high school who has resided in the state for 30 days or more preceding the application;
- Any foreign exchange student who is between the ages of 12 and 16 who has completed GFP's course of instruction in the safe handling of firearms and has been issued a certificate of competency upon completion of instruction and who has resided in South Dakota for 30 days or more preceding application for a license;
- Any person who is a minor dependent of a resident of South Dakota.

Termination of Residency

A person (*other than a person who fits into one of the previous EXCEPTIONS*) is deemed to have terminated their South Dakota resident hunting, fishing, and trapping status if the person does any of the following:

- Applies for, purchases, or accepts a resident hunting, fishing, or trapping license issued by another state or foreign country;
- Registers to vote in another state or foreign country;
- Accepts a driver's license issued by another state or foreign country;
- Moves to any other state or foreign country and makes it the person's domicile or makes any claim of residency for any purpose in the other state or foreign country.

However, a person who has lawfully acquired a resident hunting, fishing, or trapping license and who leaves the state after acquiring the license to take up residency elsewhere may continue to exercise all the privileges granted by the license until the license expires if the person's respective privileges are not revoked or suspended.

Social Security Number

The last four digits of your Social Security Number are required. The Social Security Number information is required from all U.S. residents before this application will be processed [SDCL 25-7A-56.2]. This information will be kept confidential. The information is required to be in compliance with state law on collection of delinquent child support payments.

South Dakota law prohibits the issuance or renewal of any hunting or fishing license if an individual owes \$1,000 or more in past-due child support unless the individual enters into a repayment agreement with the Dept. of Social Services for payment of the delinquent child support [SDCL 25-7A-56; 25-7A-1(28)]. There is a requirement to enter into a repayment agreement with the Dept. of Social Services even if the individual is presently making child support payments, or if child support is being withheld from wages or income. To enter into the required repayment agreement, individuals must contact the Dept. of Social Services - Office of Child Support Enforcement, 700 Governor's Drive - Kneip Building, Pierre SD 57501, or call 605.773.6456.

Age Eligibility

- Residents and nonresidents must be 12 years old by Dec. 31, 2024.
- Residents under age 16 must successfully complete a HuntSAFE course.
- Nonresidents under age 16 must include the certificate number from their hunter safety card, or a current or previous hunting license issued to them from any state.
- Residents and nonresidents who have not completed the HuntSAFE course at the time of application must leave their HuntSAFE number blank within their profile, but they can still apply. If successful in the draw, their license will be held until the GFP License Office is notified of the HuntSAFE card number once the course has been successfully completed.

Fees

Payment for online applications must be made with a valid credit/debit card (Visa, MasterCard, Discover, or American Express). Your credit/debit card will not be charged the full fee until, and only if you are successful in the drawing or selected to purchase a preference point. Nonpayment in the form of a cancelled credit/debit card will result in your license being withheld and the blocking of any future license purchases until the unpaid fee, along with any penalties, is paid in full.

Application Rules

- Individuals may submit only one application per season for the first drawing and receive no more than one license. See “Application Deadlines” for rules allowing additional licenses.
- Licenses may not be transferred to another person.
- Applicants wishing to receive a preference point for seasons in which they are unsuccessful in their first choice, must select the option to purchase a preference point during the application process.

Group Applications

- Applications with matching first and second choices, submitted in the same group, will be treated as a group application. All applicants will either be successful or unsuccessful in the drawings.
- No more than six applications may be submitted in the same group.
- Applicants with preference points should be aware when applying with applicants with fewer preference points, the lowest preference point balance is then represented across the entire group.
- Residents and nonresidents may apply together in the same group when licenses are available for each. All in the group will be either successful or unsuccessful. Residents will be charged the resident fee and nonresidents will be charged the nonresident fee. This is valid only in seasons and units where both resident and nonresident licenses are available for a specific drawing. It should be noted that in most instances, residents who apply with nonresidents will have a diminished chance of drawing a first-choice license.

Submitting Applications

Applications must be submitted online. If you do not have internet access you can apply by calling 605.223.7660 or visiting any GFP Wildlife Division office.

Successful Applicants

Successful applicants for limited licenses are selected at random by computer lottery.

Unsuccessful Applicants

Unsuccessful applicants’ credit/ debit cards will only be charged for a preference point if it was selected during the application process.

Preference Points

A fee (\$5 resident, \$10 nonresident) is required for all preference points. Purchasing a preference point is optional. Unsuccessful first choice applicants will not receive a preference point unless checked during the online application process.

Seasons with a limited number of licenses have a preference point system for applicants who are unsuccessful on their first choice in the first drawing. One preference point may be purchased each year the applicant is unsuccessful. Preference point use is required on all first choices in the first drawing. Preference point use in subsequent drawings is optional. Preference points cannot be transferred to another person. If you have any questions about your preference points, please contact GFP’s Licensing Office at 605.223.7660.

SEASON APPLICATION INFORMATION

A person 18 years of age or older is required to purchase a Habitat Stamp (\$10 for residents and \$25 for nonresidents) when applying for or purchasing any hunting, fishing, or trapping license. A person is not required to purchase more than one Habitat Stamp within a license year.

License fees include a \$6 surcharge established by the South Dakota Legislature. Surcharge monies are divided between programs for wildlife damage management and public hunting land access, programs that benefit both landowners and hunters.

TRIBAL LANDS. State licenses are valid on private, deeded lands within the exterior boundaries of Indian reservations. Persons planning to hunt on tribal lands should contact the appropriate tribal office concerning tribal hunting licenses.
